Customer Reviews

Really a misleading title... So many phrases in this book are nothing more than simple, polite phrases in common daily use. Sure, there are a few gems but these can be found on-line without spending money on a book that claims to be something it mostly is not. Should also mention the really dirty phrases, the insulting, bar-fight provoking ones are missing.

I minored in Russian at Indiana University over 50 years ago. Next year my wife and I are taking a 13 day cruise on a riverboat from St. Petersburg to Moscow and I wanted to review my Russian language skills. This book is not a "how to speak" book with grammar structures and everyday phrases (at least not the everyday phrases you might expect to encounter.) "Dirty Russian" is street slang that would not be taught in a standard university course. However, it does contain the language that might be heard on the street and in common usage. I don't expect to use such language during my trip but I feel that I should be aware of it. A warning: The language in this book is definitely "X rated" and if you blush at 4 letter words, "Dirty Russian" will turn you a deep crimson.

So funny book) I expected something really really small and not so much informative....but.....I'm glad that i got it)))) it is very useful for both English and Russian speakers!!!!

great,as far as it goes

It is a lot of mistakes.

I am from Ukraine and my hubby is American. I have so much fun when he reads me phrases from this book :D His pronunciation is brilliant

There is a formatting problem with this product on the Kindle Fire (and perhaps other versions, I don't know). The Cyrillic print looks like it's about two point type. Unless you look closely, it just looks like a little line. At first I was frustrated because it looked to me like all you got was a phonetic rendition of the Russian.As to quality, I haven't been through that much of the book yet. But this is a problem I hope they can get fixed soon.

Being a Russian student, I bought this out of curiosity. It's pretty interesting to say the least, but it's not the best book out there. This book only translates English idioms/slang-words/saying into Russian. The authors probably tried to give the best equivalent, but a lot of it is still not accurate. Something to still check out, though.
