## Customer Reviews

This sticker book is a complement to the actual book and is designed to encourage your sticker-happy child to create his or her own scenes.

This book eased my Sons mind the night before his first day. The stickers are a great bonus too!

Nice

Very cute and simple book perfect to prepare your little one for Kindergarten.

This little book is a big hit

I babysit and am always "losing" kids to kindergarten, so I now give this book to the kids on my last day with them. It's such a great book, expresses all the joys and concerns of the kids (and the parents), and never fails to make the mommies cry. I highly recommend it.

This book was recommended by our school, and we all really enjoyed it. Since I have twins, they thought it was written just for them.

short and sweet

Cute book! Definitely gets kids excited for K.
