# The Book Of Old Silver: English, American, Foreign

## Synopsis

The art of silversmithing dates back to centuries ago, and its history is an interesting and intricate one, but even Old Silver connoisseurs aren't familiar with all of the customs, laws, regulations, and fashions of the past. First published in 1937, *The Book of Old Silver* thoroughly chronicles the fascinating history of the art of this precious metal, starting in England, which produced more fine silver than any other country and ignited the craft's greatest flowering. Did you know the word "Sterling" originates from a band of immigrant Germans, the Easterlings, who were called on by King John in 1300 to refine the metal to make English coins? Or that the English government regulated the stamping of silver by law, and later punished the marking of inferior pieces with the sterling hallmark by death? Seymour B. Wyler follows the history of various types of silver pieces, including tea services, drinking articles, condiment sets, tableware, lighting appliances, and furniture, and details the history of silver in various parts of the United Kingdom, America, and Europe. Along with the history and traditions, Wyler provides instructions on how to properly care for and clean Old Silver, details how to identify antique pieces, and provides tables and illustrations of various silversmiths' marks. Including photographs of antiques dating back to the sixteenth century, this book is a must-have for every silver collector.

## Book Information

Hardcover: 464 pages

Publisher: Skyhorse Publishing; 1 edition (January 15, 2013)

Language: English

ISBN-10: 9781620872116

ISBN-13: 978-1620872116

## Customer Reviews

Legacy of Lace Identifying, Collecting, and Preserving American Lace by Kathleen Warnick and Shirley Nilsson  
Collectors of "fancywork" and lovers of the heritage arts will find this detailed, fully

illustrated book essential to identifying, preserving, and using cherished American laces. Looping, knotting, crossing, needlework, and machine-made lace are all covered in detail. With an identification key, glossary, and bibliography.

**Kovels' Bottles Price List Ninth Edition** by Ralph and Terry Kovel  
Current prices of over 10,000 old and modern bottles and over 200 illustrations. The most complete price list available -- including bitters, figurals, flasks, ink, beer, soda, perfume, medicine, commemorative -- everything from Avon to Whiskey. Information on manufacturers, dates of issue, and identification.

**Kovels' Depression Glass & American Dinnerware Price List Fourth Edition** by Ralph and Terry Kovel  
The inexpensive pastel-colored glassware that became popular from 1925 on and the ceramic dinnerware produced during the same period are now attracting collectors in great numbers. Here are the latest most accurate prices, based on a comprehensive survey of actual sales, shows, catalogs, auctions, and other reliable sources.

**Kovels' Guide To Selling Your Antiques & Collectibles** by Ralph and Terry Kovel  
Updated Edition  
This short, handy pocket-size guide tells you how to sell your antiques and collectibles for the best possible price. What is the right market for your particular collection? Should you have your items professionally appraised? Should you sell to a friend? How do you take table space at a flea market? These are just some of the questions that the Kovels answer. They give advice on how to sell more than seventy-five categories of collectibles -- from baseball cards, beer cans, carousel figures, coins, decoys, furniture, and glass to music boxes, postcards, toys, and Western art.

**The Collector's Encyclopedia of Dolls** by Dorothy S., Elizabeth A., and Evelyn J. Coleman  
A truly encyclopedic volume for the doll collector, antiques lover, and social historian, containing over 2,000 illustrations and marks.

**Kovels' Antiques & Collectibles Price List** by Ralph and Terry Kovel  
A complete, updated, and expanded guide to the antiques market with more than 50,000 items listed. Over 500 illustrations. Helpful tips on preserving your antiques and collectibles.

**The Encyclopedia of Furniture** by Joseph Aronson  
A complete revised edition of the famous Encyclopedia of Furniture, covering every period and development to the present, the designers and makers, the woods and other materials, the architecture and decoration. Glossary, bibliography. 2,000 photographs.

**Know Your Antiques Revised Edition**  
How to Recognize and Evaluate Any Antique -- Large or Small -- Like an Expert by Ralph and Terry Kovel  
Ideal for the beginner. Detailed advice about recognition, evaluation, and care of antiques, and identification of fakes. --This text refers to an out of print or unavailable edition of this title.

Seymour B. Wyler (1911–1990) was born and raised in New York, and was the owner of an antiques store specializing in English silver and porcelain. Wyler traveled extensively in his work

and was the author of The Book of Old Sheffield Plate.

If you have silver from 1600? Most of us don't. You need a different reference. This has maker's marks and is almost exclusively for European Silver, not so much American Silver.....

A little disappointed in this...not as useful as expected, maybe due to my ignorance, but the book info suggests it is much more comprehensive than it is. Good for very old silver, but not much use if your piece is dated later than 1820. Indexes are not particularly useful, as you have to search through for an alphabetical mark you may not be able to see that well on an older piece. An alphabetical index of makers would be incredibly useful, but alas, there isn't one. For some makers, marks listed cover only 1-2 years...not that helpful considering the number of marks an individual maker may use over the lifetime of the company. Also, some maker names appear to be listed incorrectly and don't take into account changes in company names that may take place over the years. I would say this is not a very useful resource if your silver or silverplate dating after about 1820. I got better information just searching various websites. That said, the beginning of the book is an interesting read for the history...it's just not good for identifying, valuing or dating a particular piece or set.

Fantastic and informative book. Excl condition as well!

Just what I was looking for. Great condition also.

Book in great shape. Did not find what I wanted but has alot of useful information.

This book was just what I needed to check the hallmarks on sterling. It is very detailed with hundreds of hallmarks. Also, the seller that I purchased it from was fantastic. . .shipping and time of arrival great! I couldn't ask for anything more. By the way, the dealer was Ultimate Consignment.

I love book you sent to me thank you very much, I am very happy.

Good Book, but so far, not helpful for my needs. But taking nothing away from this excellent reference book, it will eventually suit me needs.
