Customer Reviews

Bought for my grand-daughter's Respiratory Therapy studies. This was what she needed for her class.

This product was shipped very quickly and it was not damaged at all, which was great and amazing. The description matched my product 100% and I was able to save money!! Thanks for everything!

Book came in good condition.

College text. Should be a mandatory text for Respiratory Care Students. Highly recommended.

Yes

This book is absolutely fantastic if you're in a respiratory program and need extra help with the mathematical concepts we have to know. Highly recommend this book.

Good Product.

I love this book!
