There was no mention that a DVD goes with this for the bible study. I've been trying to find the DVD that goes along with it, but it looks like you have to buy a box series for something. So I am a bit

disappointed.

This was my first reading of a book by Priscilla Shirer. I think she is an outstanding writer and researcher. I didn't use this for a bible study but the format is excellent for that. I gained some insights into Jonah that I never would have gotten on my own. I plan to read other books by Ms. Shirer. - even though her stated appeal is to women. I may have to hide the cover so that other guys don't know I'm reading a chick book. :-)

Great for anyone who is looking to sort through what it is to live a life that is interrupted & how to better deal with those interruptions!

It was a little repetitive at times but otherwise a good study. Expect lots of time to complete homework.

Good quality would purchase again.

Great study book and great study!

great!!!

great service and product.
