Frommer's Athens Past & Present (Frommer's Athens Past & Present)

Synopsis

An ingenious book that brings ancient Athens to life-perfect for anyone traveling to Greece The 2004 Olympic Games are expected to draw hundreds of thousands of visitors to Athens between August 13th and 29th-and most of these visitors will take a break from the games to visit Athens' most famous tourist attraction, the Acropolis. That's where this unique guidebook comes in. Contemporary full-color photos show what the Parthenon, the Erechtheion, the Temple of Athena Nike, the Propylaea, and all the other celebrated ruins on the Acropolis and elsewhere in Athens look like today. But with the flip of a meticulously painted acetate overlay, people can see exactly what each site looked like back in the 5th century b.c! And for visitors who are traveling outside of Athens, the book also includes the best sites in Olympia, Cape Sounion, and Aegina. Small enough to fit comfortably in a pocket or purse, spiral-bound for ease of use, and complete with concise descriptions of each archeological site, this is the perfect secondary guidebook for any traveler who wants to grasp the glory that was Greece.

Book Information

Series: Frommer's Athens Past & Present

Spiral-bound: 98 pages

Publisher: *Frommers; 1 edition (May 21, 2004)

Customer Reviews

This illustrated guide was tremendously helpful in seeing how various monuments were originally versus how they are now. Highly recommended.Updated 1/3/2015. I love this book. It is a great souvenir from my trip to Athens and was extremely useful in imagining what these ruins looked like in their full glory. Without these overlay images, it's very hard to see what was where, and I still love looking at the overlays for just that reason. My back cover says twenty one ninety five and I'm sure I

got a deal in 2007. Now I see it's going for double. I would buy again, but shop around, used copy somewhere. My nephew wants to go to Greece, but when I looked at it again, I don't think I can part with my copy. It's a great little book. It is small in size, only 5x7 inches.

While I do enjoy looking at the "before/after" overlays that show me the differences between the ancient city and modern ruins, I somehow expected this book to be bigger. I guess I had it in my mind that this would be more like a smaller coffee-table book. (Unfortunately, I have come to distrust the listed product dimensions in an item's description, because so many times they are inaccurate). Still, the book is very nicely done and I'm quite enjoying it. I would REALLY be enjoying it if I hadn't forked out \$30 for such a small book, however!

During my Navy career ships in which I served visited Athens a number of times. My being an ancient history buff and an armchair archaeologist quickly led to Athens' becoming my favorite city. This unique little book was like a return visit to Athens for me with the added benefit of the clever overlays showing what Athens was in its days of glory. This book is a priceless addition to my library.

Looking forward to the trip!

I enjoy this book. Clever idea that helps bring the past to life...sorry best cliché I could come up with.

The before and after pictures are an excellent resource when trying to visualize the ancient culture as it might have been!! recently went on vacation to Italy and Greece and focused my souvenir shopping on these books. I had little problem in Italy but in Greece they tended to be overpriced. I was happy to find my theory true, that I would almost certainly find it on , and saved myself almost \$10. The exact same book was around 25 depending on your bargaining skills!

there were MANY MANY pages CUT out of this book rendering it USELESS. I am angry & disappointed. What a complete let down. disgraceful

A+++
