Customer Reviews

I've had this atlas for a month, and have used it maybe a half dozen times. Several pages have fallen out, and there is absolutely no reason other than poor construction. I was hoping to return it, but apparently the manufacturer knows how lousy it is, and they don't allow returns. If you need an atlas, buy Rand McNally. I've had one for about 11 years and have yet to lose a page! I only ordered this one because I wanted a newer version. Big mistake.

This edition did not have the GPS information I thought I was purchasing.

Binding fell apart the only time it was used. This is not made to go on a trip. Have a bunch of loose pages.

Great detail
