The book was found

Student Solutions Manual For Waner/Costenoble's Finite Math And Applied Calculus, 5th

Synopsis

The manual contains complete solutions for all odd-numbered exercises in the text, plus problem solving strategies and additional algebra steps and review for selected problems.

Book Information

Paperback: 588 pages

Publisher: Cengage Learning; 5 edition (June 28, 2010)

Language: English

ISBN-10: 0538734825

ISBN-13: 978-0538734820

Product Dimensions: 8 x 1.3 x 10 inches

Shipping Weight: 2 pounds

Average Customer Review: 3.7 out of 5 stars   4 customer reviews

Customer Reviews

Stefan Waner and Steven R. Costenoble both received their Ph.D. from the University of Chicago, having studied several years apart with the same advisor, J. Peter May. Their paths merged when Steven joined Stefan at Hofstra University in 1987; since then they have coauthored 18 research papers as well as a research-level monograph in algebraic topology. By the early 1990s they had become dissatisfied with many of the Finite Mathematics and Applied Calculus textbooks. They wanted textbooks that were more readable and relevant to students' interests, containing examples and exercises that were interesting, and reflected the interactive approaches and techniques they found worked well with their own students. It therefore seemed natural to extend their research collaboration to a joint textbook writing project that expressed these ideals. To this day, they continue to work together on their textbook projects, their research in algebraic topology, and their teaching.Stefan Waner and Steven R. Definitely get this book.It is a lifesaver in every chapter. The solutions are thorough and sometimes include explanations of their reasoning. Not the best answer book in the world but definitely better than the answers you get from the back of the actual book.GET THIS SOLUTIONS MANUAL TO PASS CALCULUS AND PRE CALCULUS EASIER!

Useless. Has the same odd exercises as the book. I was hoping it have all full exercices, even and odd exercises.

Worked wonderful for my class

Be detailed and specific. What would you have wanted to know before you purchased the product?Not too short and not too long. Aim for between 75 and 300 words.

Student Solutions Manual for Waner/Costenoble's Finite Math and Applied Calculus, 5th Finite Mathematics and Calculus with Applications Plus MyMathLab with Pearson eText -- Access Card Package (10th Edition) (Lial, Greenwell & Ritchey, The Applied Calculus & Finite Math Series) Finite Mathematics Plus MyMathLab with Pearson eText -- Access Card Package (11th Edition) (Lial, Greenwell & Ritchey, The Applied Calculus & Finite Math Series) Student's Solutions Manual for Finite Mathematics and Calculus with Applications Student Solutions Manual for Stewart/Day's Calculus for Life Sciences and Biocalculus: Calculus, Probability, and Statistics for the Life Sciences Finite Mathematics, Student Solutions Manual: An Applied Approach Finite Math and Applied Calculus Student Solutions Manual for Stewart's Single Variable Calculus: Early Transcendentals, 8th (James Stewart Calculus) Student Solutions Manual, Chapters 1-11 for Stewart's Single Variable Calculus, 8th (James Stewart Calculus) Finite Mathematics and Applied Calculus, 5th Edition Student Solutions Builder Manual for Kuhfittig's Technical Calculus with Analytic Geometry, 5th Finite Mathematics and Applied Calculus Math For Everyone Combo Book Hardcover: 7th
