Customer Reviews

Even better than the first. I love seeing the story develop. I absolutely love all four Guardians and can’t wait for more of them and Wyn

I received a free advanced reader copy of this book and voluntarily decided to review it Okay, I

thought part one was totally amazing and it is, but part two is even better! Wyn's story continues where part one ended. The excitement, danger and humour just does not stop. Our gang is closer to reaching the other realm but not without incident. Skye Mackinnon has written the second instalment with the same flair and pizzazz as part one. The relationships between Wyn and her four guardians is electric, the serious moments are strong and at times tender, the humour is two fold, Wyn bounces off the different personalities of her guys, and her inner monologues are hilarious and make you laugh out loud. This really is shaping up to be a great series, I am enjoying the exquisite torture of waiting for the next instalment. This series is extremely well written, the writer clearly has a talent and imagination for creating such an enjoyable series, and as such I need to recommend this read to everyone, and a little spoiler of sorts, I have two words that I have adopted from this instalment, Unicorn Farts! *Urn* *Urn* (less)

Episode 2 was even better than Episode 1! We get to learn more about Wyn and her Guardians, see more of their powers, and have some heat added into the mix ;) I thought it was hard in Episode 1 to pick my favorite Guardian, but it became even harder in Episode 2 haha. I was worried that the 4 would fall into the normal RH male types (brooding/badass, flirty, shy/nerdy, etc.) but the 4 haven't completely gone there/there are enough differences it didn't bother me in the slightest. I like that we get little glimpses of their past/learn about their creation, but are left wanting more. I enjoyed the little romance/steamy additions, added some funny moments to some serious situations. I liked that this episode contained just as much action-packed scenes as Episode 1, and that Skye provided amazing vivid descriptions of Wyn's power and of the bond forming between the 5 of them. I think Skye has done a great job with this second installment of her serial! I can't wait to read more and see where she is taking us on this journey. I highly recommend everyone read it.

I received a free advanced reader copy of this book and voluntarily decided to review it. I thought I liked the first installment. The second is SO much better! It picks up RIGHT where the last one left off (it's a serial, this makes sense). I felt like you got a better feel for the guys' personalities in this installment. The first one you learned about the world and Wyn and her powers. This book is about the boys. And are they worth it. ;) Though we do learn that Wyn is a fan of good whiskey done right (a girl after my own heart). There's a pretty steamy scene between Wyn and the boys that has some of the funniest lines I've read. I've read, re-read, highlighted them, and re-read them some more and laughed every time. It's a pretty hilarious insight into the mind of a conflicted, heated woman. I'm very intrigued to see what happens in the next installment. The group is getting very close to the

"portaal" and this installment ends with a very interesting hint as to what they're going to have to deal with between now and crossing over. Plus we've also been given a little more insight into what things are like in the god realm. Can't wait for #3.

I received this book as an ARC. Well Skye MacKinnon, you've done it again!! I cannot believe how amazing Winter Princess: Episode 2 was!!! I devoured this book from the second I realized it had arrived on my kindle. Winter Princess: Episode 2 is the newest release from the Daughter of Winter serial. The last episode left us with Wyn having totally shown us her Bad-Ass side and the Guardians doing what they do best, dealing with the consequences of Wyn's actions. This episode once again follows these amazing characters through their journey to return Wyn to her birth place, the journey however is not as easy as it may sound. I love the characters in this book! Wyn is funny and strong, at times too stubborn (but given the circumstances you can understand why) and she just has a genuinely good heart. Holy Guardian Hotness; Arc, Storm, Frost and Crispin. These men are amazing male characters!! Each one of them is totally unique and has a different role in the group. I am possibly the hugest fan of Arc and that has not changed in this book. He is still absolutely perfect; the kilt, the accent, the muscles. Skye can I please have him? But I was surprised to see that I was really starting to love Storm as well, there's just something about the Alpha hero. I have a feeling each book will make me love each brother even more. Episode 2 just completely blew me away. It was fun, it was funny, it had action, it was hot, it was just all over perfect. I cannot wait for the next installment!!!! Skye I need Episode 3! and my own set of guardians!

Episode 2 takes off just after episode 1 ended. And now that Wyn is reunited with her Guardians they are back on the path to go to the gateway to meet the Winter Queen, Wyn's mother and hopefully get answers. But that's easier than done. Especially when there's something or someone determined to stop Wyn, even if it means killing her... There was more humour in this and the relationship between Wyn and her Guardians are definitely building. And while Arc seems to be a girl's favourite for others I think Storm is my go-to guy. But hey this is RH and it's building up more so why choose?! I'm finding that I'm enjoying this serial, there's enough to keep me entertained and wanting more without it feeling rushed or too drawn out. I can't wait for the next installment as so much is going through my head with that ending!! I received a copy of this book from the author in exchange for an honest review.
