American Coven

Synopsis

He kidnapped three women and held them in his basement. He thought they couldn't fight back. He was wrong...Snatched from the street near her home, Holly Carter is taken to a rural house and thrown down into a stone basement. She meets two other women who have also been kidnapped, and soon Holly learns about the horrific rituals that take place in the house. Eventually, she's called upstairs to take her place in the ice bath. As her nightmare continues, however, Holly learns about a mysterious power that exists in the basement, and which the three women might be able to harness. When they finally manage to get through the metal door, however, the women have no idea that their fight for freedom is going to stretch out for more than a decade, or that it will culminate in a final, devastating demonstration of their new-found powers. American Coven is a horror novel about three women trapped in a nightmare, about the shocking discovery that gives them a chance to escape, and about the price they must pay if they want to be free. Contains violence and adult language.

Customer Reviews

Each book I read of yours I become a bigger fan. Great characters and story. Looking forward to the next book

1st book I've read from her and solid. Great story. Love the way is written. Kept me locked in while reading

This was the first Amy Cross book I've ever read and I immediately fell in love with it. Even though it is listed as a 500 page book I finished it in just a day. Couldn't put it away. The characters and setting were interesting and the part with the ice bath (not going to elaborate in order to avoid spoilers) left me with the chills. I will definitely continue reading Cross' other stories.

This book was a different but enjoyable. I think it didn't have to be so drawn out it could've been shortened.

This is the 1st book of this author I read and I was shocked at how I couldn't put this book down. I was on the edge of my seat the entire book. I felt she ended the book just right but also left it open to revisit if she wanted too. And I hope she does!!

This is the first Amy Cross book I read and it lead me to read another book of hers. I loved how the story was written; I did not get lost going back and forth between past and present. I would definitely say this is filled with suspense, making you want to stay up all night just to keep turning the pages.

Wow. This novel has an unique concept. Three women are kept in a basement but discover a power that links them. Using that power, they manage to escape but 15 years later are drawn back to the evil that dwells there. Unfortunately, there are many instances of the author switching names and I grew tired of the question "you talk like the house is alive?" That answer is a given!

At first I didn't care for it much but the story got interesting quickly. Glad I chose this ebook.
