Customer Reviews

excelent

When I was little girl, one of the first books that I started reading was this book. This book includes stories from the Old and New Testament and it is explained using simple sentences and beautiful illustrations. At the end of each story it has questions so the child could test him or herself reading comprehension. I lost this book. Now that I have a child of my own one of the first things that I did was to get this book. My child is still too young to understand it but I am reading a story every night knowing that one day she will start reading it on her own like al did. This is a book that every Spanish speaking child should have in their bookshelf.
