I am disappointed at how easy these are. Each puzzle has a couple of long words or phrases, but for the most part the answers are short. I rarely even have to count the spaces. I know the answer and write it in. I bought this because it was described as by the same author who does the crossword in the newspaper. But seriously, if you do the crosswords in the newspaper this is NOT the book for you. Maybe it's tough to fit more complex puzzles in large size on the page or it's somehow a beginners series, but this is not the solution for me. I'll have to try something else.

great crossword book - really could be used by anyone, low vision or not - think older folks would like the larger prints - these are much larger than what you purchase in the stores

She's 84. Always a crossword lover and reader (me, too) but has slowed down...can't hear well. Not techy!Puzzle book gets taken to doctor, hospital, recliner.But she lives 3000 miles away so I haven't actually SEEN it yet or worked any of the puzzles.Plus, I ordered another one, quite similar...hence the 4 stars, not 5.My sisters say Mom really likes it, Mom's doing the big crossword book you sent. :)

These puzzles are perfect for me -- not too easy and not too difficult.

This is my second book in the series, I enjoydoing these crosswords, the clues are designed to make you think beyond the obvious. Most of the people clues are from the old days, when I grew up. I don't think most young people will know of them.Joe

Mom's eyesight has become progressively worse over the years and at 88 she's not interested in undergoing surgery to correct it. An avid puzzler in her day, this allows her to once again enjoy crossword puzzles. A great idea. I plan to adding more additions every month or so to keep the fun going.

Bought it for my Dad and he really likes it.

My mom loved this - she loves Thomas Joseph crosswords. He does the crosswords in our local daily paper, and they are just the right level of difficulty. Not too easy, not too hard. Challenging but not impossible. It's also a very nice book with a spiral spine, so the pages turn back easily and it makes it very easy to hold the book while working on it. My mom also liked that it was large print, even though her eyesight is okay.
