Customer Reviews

Wow this book is loaded with awesome recipes. Heck you will never run out in your lifetime with things to do with your instant pot. Set it and forget it - I love this thing and this cookbook. Great Job Alex!

I'm pretty impressed with it. It gave me and my partner the opportunity to plan and prepare healthy delicious meals together. It gave us a chance to spend some quality time together while creating great food. The book has so many recipes from vegetarian to just about anything else I can think of. It's very organized and it was easy to find specific sections such as soups and etc. We've only made about 3 meals so far but I cannot wait to see what the future holds for us during meal time.

I like the beginning of this book in which you are told how an instant pot works and how to use it! I bought this when I bought my Instant Pot. There are some good recipes and a lot of tips that have helped me in learning how to use my cooker. Recommended for all!

Great recipes and plenty of them with good variety. I really enjoy cooking now. Thanks

I bought my Instant Pot one month ago. This book is a miracle - lots of great recipes, easy to understand - easy to cook. I highly recommend this book if you are an Instant Pot owner!

Once you have this book, you won't need any other. I have several other Instant Pot books, none can compare or come close to this book. This book offers easy-to-follow instructions. I love trying new recipes and this book has definitely helped me try new delicious dishes.

Great cookbook. I find the recipes practical and they've turned out well for us. Really appreciate the cooking charts in the back of the book. Also contains many helpful hints and tips. Will help you use your instant pot with confidence. If this review was helpful in any way please give me a thumbs up below. I appreciate reading reviews and write these in hopes they will assist you in making wise choices. Highly recommend this cookbook.

I struggled to come up with dishes to make in my new pressure cooker. This book allowed me to impress my family with amazingly tasty dishes. I definitely recommend it.
