## Synopsis

Note: This is the bound book only and does not include access to MyEdLeadershipLab<sup>®</sup>. To order MyEdLeadershipLab<sup>®</sup> packaged with the bound book, use ISBN 0134311795. <sup>®</sup> <sup>®</sup>

With its focus on the critical elements of leadership essential for today's school principals, this widely popular resource combines a strong research base with a practical, hands-on approach to help aspiring, new, and experienced educators become effective school administrators. Organized into four sections, *The Principal* presents a vision for leadership and learning and shows how to create a positive school culture, manage the organization, and interact with the external environment. The new edition reflects the evolution in the roles of educational leaders; explores the increased tasks that are requiring principals to expand their toolboxes of skills in such areas as instructional leadership, data analysis, technology, utilization, staff evaluation, and community relations; and looks at the mounting demands to rewrite their job descriptions every year. <sup>®</sup> <sup>®</sup>

Also available with MyEdLeadershipLab<sup>®</sup> This title is also available with MyEdLeadershipLab<sup>®</sup> • an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

With its focus on the critical elements of leadership essential for today's school principals, this widely popular resource combines a strong research base with a practical, hands-on approach

to help aspiring, new, and experienced educators become effective school administrators.

Organized into four sections, *The Principal* presents a vision for leadership and learning and shows how to create a positive school culture, manage the organization, and interact with the external environment. The authors have made significant enhancements to the new Eighth edition to keep pace with the changing times. The new edition: Reflects the evolution in the roles of educational leaders. Explores the increased tasks that are requiring principals to expand their toolboxes of skills in such areas as instructional leadership, data analysis, technology, utilization, staff evaluation, and community relations. Looks at the mounting demands to rewrite their job descriptions every year.

Dr. Gerald C. Ubben, Professor Emeritus at the University of Tennessee is author or co-author of many books. Three of these books have been published by Allyn and Bacon/Pearson: *The Principal*, *The Elementary Principals Handbook*, and *The Secondary Principal's Handbook* (1980). One or more of these books has served the educational administration market each year since 1977. In addition, Dr. Ubben has written frequently in the periodical literature in his field of the principalship, curriculum, and school scheduling. After serving as a social studies/English teacher and school administrator, Dr. Ubben completed a doctorate at the University of Minnesota and taught for many years at both the University of Nebraska and the University of Tennessee in the field of educational administration specializing in the principalship. He currently serves as an elected official on his local school board, a local educational cooperative serving three counties, and a local county education foundation.

Dr. Larry W. Hughes is the author, co-author or editor of numerous books as well. Four of these books have been published by Allyn and Bacon/Pearson: *The Principal*, *The Elementary Principals Handbook*, *The Secondary Principal's Handbook* (1980) and *Public Relations for School Leaders* (2000). He has written extensively in the periodical literature as well, both professional articles as well as popular travel pieces. Now retired, he had an extensive career as an organizational development consultant to private sector and governmental organizations. His focuses were team building, problem solving, time management and project planning. He traveled internationally both as a professor and consultant and for recreational purposes as well. He has his Ph.D. from The Ohio State University and other degrees from the University of Toledo. Dr. Hughes is married and the father of three sons. He has five grandchildren.

Dr. Cynthia J. Norris is author, coauthor or contributor to numerous books, include *The Principal*. Other notable books include: *The Moral Dimensions of Leadership: A Focus on Human Decency* (Memphis State

University) and *The Learning Community: A Model for Developing Educational Leaders* (Teachers College Press). She has contributed to the periodical literature on topics such as leadership vision, cohorts as learning communities, and moral and ethical leadership. Dr. Norris retired from both the University of Houston and the University of Tennessee and currently is a Professor of Education at Lincoln Memorial University in Knoxville. Her work in higher education has been distinguished by her contributions to preparation programs as part of the initial Danforth Foundation for the Preparation of School Principals and her pioneer work in the development of the first academic doctoral program at Lincoln Memorial University. Prior to her work in higher education, Dr. Norris had an extensive career in public education where she served as a teacher and director of special education and gifted services. Dr. Norris received her doctorate from the University of Tennessee in the field of educational leadership with a collateral in industrial management. . She has two daughters, one granddaughter and three great-grandchildren.

I purchased this book for a class that I am currently enrolled in and a week into the course I find out that the book I received from was missing Appendix B. The book itself is organized well and has wonderful content from what I have read thus far, however, I am incredibly disappointed in for selling a faulty item missing content. Be sure to double check your book when you receive it otherwise you will be starting your class without all of the needed materials!

About as interesting as textbooks get... a little dry but my professor had us rent it so I didn't really have a choice. However, the language is very easy to understand which was nice.

For those who are required to get this textbook for Graduate Studies, this is worth the read. It has only been a month into the semester and have learned much for this program. A must-have.

Book is great condition and exactly what my wife was looking.

Needed this book for class. It was a great resource. Glad I purchased it instead of renting.

This book was easy to read and contained information I needed for my class. It gave me ideas, introduced me to different strategies to use to help me with administration, staff, parents. students and the community.

Excelent condition at new

Excellent book for future principals
