Couples Of The Old Testament (Lifeguide Bible Studies)

Synopsis

The Old Testament tells the stories of fascinating men and women in relationship: couples who live with chronic disappointment, couples who overcome all obstacles to be together, in-laws who can't stand each other, a wife who risks death if she walks in on her husband unannounced, and a husband who takes back his wife when she becomes a prostitute. There are arranged marriages, fiercely loving marriages, enduring marriages, an instant marriage, a coerced marriage and a perfect marriage--until the couple blew it! Dale and Sandy Larsen lead you to dig deeper into these relationships highlighted in the Bible to learn important lessons about marriage, God and yourself. This LifeGuide Bible Study features questions for starting group discussions and for meeting God in personal reflection, together with leader's notes and a "Now or Later" section in each study.

Doing this as a group study. We're enjoying it, but its not super in-depth. But we were looking for something light as we do have some newer Christians in our group. It has provided some learning and good discussion.

Great book! We are reading this book in our Couple's Ministry Class at Church! It's great to learn from the couples in the bible!

Interesting bible study topic - great for a couple's bible study. Definitely learned something new but it was also long - could be shortened.

My Adult Sunday School Class is really enjoying this study! We have studied individuals before. Now we are learning more about them as we put them together as couples.

We found this to be a very nice study for our small group. All age groups of couples will find Biblical instruction on basing their marriages on solid footing - and see practical examples of real people who failed at some things and also succeeded in others. God's blueprint is always best.

I made the big mistake of only looking at the table of contents instead of looking inside the actual chapters of the book. I am preparing to do a lesson for a Bible class, and I was looking for some books with good commentaries on these Biblical couples. This book did not do that. It gives you a very brief overview, and then goes into the lesson questions. This is fine if you are in a group study and you can share answers to the questions. But if you are looking for a deep study on these couples, this is not the book. On the up side, the price was great, and I might go back and complete the self study later.
