Customer Reviews

Queen Alpha far exceeded my expectations for the 2nd book in the NYC Mecca Series. I think I liked it better than Book 1, which doesn't happen too often for me. I was so excited to learn more about the bears and see more interactions between them and wolves, and Book 2 did not disappoint! I loved how Jaymin and Leia allowed the relationships to blossom in this book (I need a Kade of my own!). You knew that it wasn't going to be all butterflies and unicorns for Arianna as Queen, but the way the big showdown went was awesomely written. I loved learning more about Calista and the new characters that were introduced. The lead up to Book 3 was good, can't wait

until April! I am thinking we are going to learn more about Arianna's family and I am suspecting that is why she has connected with the mecca like she has. I hope Book 3 continues with the battle scenes, allows us to get to learn more about the dark fae, and introduces some awesome new characters from the Fae World that could bring some humor back into the story.

Let me first start off by saying that I got an advance copy of this book in exchange for a honest review. Once again I was sucked in after only the first few pages, and could hardly put it down. This book starts shortly after Queen Heir. So much happens in this book that you never see it coming till it leaves you on the edge wanting and craving more. There are many obstacles in a forbidden romance, a race to save the Mecca and return balance to both worlds. Oh and you can't forget the conspiracy, lies, hidden secrets and sacrifice. So if you fell in love with Queen Heir like I did, you'll love Queen Alpha. So pick up your copy today! Now to wait and see what the third installment Queen Fae will hold!

Finished Queen Alpha this morning and I totally loved where we are at in the timeline of the story. This is the second book in the series, the first being Queen Heir so make sure you read that first. My inner romantic is so very happy and content with the Wolfe Bear bond and the strength of the true Queen King and their familiars. I love how this book was able to elicit so many intense emotions from me, happiness, sadness, anger, Love, fear, trust, and acceptance. These authors have me totally invested in their characters and story line making it difficult to put it down much less wait for the third book!! Queen Alpha is an intense read that will leave you breathless to see what happens next in Queen Fae!

I read this in 2 days, despite having 4 kids that constantly need my attention. I LOVED this sequel! It tied up loose ends while heartily feeding us new content. We get a closer look at the Bears and how they do things, and we also get lots of origin stories about the shifters and the fae. If I say more than that, you'll be mad at me for the spoilers. I felt much more connected to the characters this time around and can't wait for them to keep me on my toes. I read the blurb for Queen Fae and I have NO IDEA what the heck our authors are going to do to wrap up this story. I feel sort of like an idiot for reading this series so quickly because who knows when book 4 will be released. Oh well, I guess that just means I'll have to reread them all again before it comes out! If you're hesitant about trying a shifter book, then start with this series! I cannot recommend it enough!

It's so easy to get sucked into this fantastical world Jaymin Eve and Leia Stone created...where wolf shifters and bear shifters have to unite to save the world from the dark fae. Much more intense emotions are felt throughout this second installment of the NYC Mecca Series, which starts where Queen Heir left off. The heartache that comes along with forbidden romance, the loyalty felt by Arianna to her pack and the world as she knows it, and the control she gains over her Mecca power make this emotional rollercoaster one you won't want to miss! Another home run by Jaymin and Leia!

Um can I just say HOT and STEAMY!! and completely FAST paced! you blink and something else happens and leaves you wanting more. It becomes where you can't put the book down and needs to know what is going to happen with the fae, the bear shifters and the wolf shifters. Also what happens between Arianna and Kade and how that relationship develops. Leia and Jaymin leave you for wanting more and yearning for more. The end of the book leaves you literally speechless about the events that just happened and the events that are about to ensue in Queen Fae. I CANNOT WAIT TILL QUEEN FAE COMES OUT!!

Well Ari is queen, but who else shows up but her bear shifter crush/best kiss in her life man Kade. Will she let her heart or mind rule as Queen? Will the Mecca continue to cause mayhem in her kingdom? Will she finally find the queen's murderer? Find out in Queen Alpha! I can't wait for Queen Fae

Man oh man. The feels. I kid you not I cried more times than I care to count. I felt my heart sink to my stomach so many times. The characters in this story grab you and bring you into their world so much that you feel like your heart is on the line. This is the 2nd in a hopefully (ãfÃ ã Å,Ã ÆœÃ Åj) long series by 2 of the most amazing authors I've ever had the pleasure to read. Phenomenal job ladies. You've done it again. I've already read it twice. And I plan on many more.
