Ally and Griff had me turning pages nonstop until the very end. I couldn't wait to see how they would work things out. Such a great story that brings you right back to that place where just standing in the same room as the right boy can make you forget how to breathe. I would definitely recommend this to anyone looking for a quick read that will turn their hearts into mush.

This book deserved 5 stars because it wasn't boring at all. I loved how the book had no profanity while still being a realistic teen novel. I also love the innocent romance and drama between the

characters. Many books nowadays, have a lot of profanity and sexual content. I know what it is like to be a teen...I'm 15 :) and not all teens like books that drop the f-bomb every sentence and has some type of steamy, sexual romance. Teens feel the type of fluttery butterfly feelings that pre-teens are starting to feel, just on an advanced level. This book does a very good job of that. The only thing I did not like was that the main character, Ally, would repeat her confused feelings about Griffin. She would drawn on about it for too long. Overall, good book!

The beginning was okay and sort of cute; but the main character was unlikable. I'm dating my boyfriend even though he acts like a wimpy jerk and cries like a girl. Now they aren't together and she hurts, understandable. Now: I'll try to like Milo because he's nice and simple and sounds really boring. But underneath it all I like Griffin, but he's supposedly a bad boy and I don't want to date a bad boy. And we'll say we like each other and have crushes. While I want to go out with him, "I'm not that kind of girl". That phrase appears quite a few times, and it's very annoying. He asks her to go to a few parties but "she's not that kind of girl

I loved this book and I have read it at least 4 or 5 times. It brought back wonderful memories of being breathless and so excited you could not stand it when "that" guy walked past you in the hall at school. When that guy you dreamed about kisses you for the first time. This author writes characters that are believable and that you can identify with and care about. She puts humor and fun in her books too. I agree with the other reviewer in saying I also started out liking the Griff and ended up loving him. Nothing more attractive and sexy than a so-called bad boy who is really sweet with a tender heart. I have only one little negative and that was the ending. I wanted Ally to be brave and go over and give Griff a big kiss to show him how much she cared and was ready to start dating him and not keep running away from him. The ending just wasn't fulfilling enough. But best of all I love that this author can write a cute and passionate romance without being crude. I have read nearly everything she has written. I am a sucker for a great romance even a good teenage one.

Really sweet story of how two teens from totally different backgrounds and worlds are attracted to one another and overcome barriers to be together... Believable and likeable characters. I Loved it... Romantic without explicit sex scenes.

Ally Grange is a classic Good Girl. She doesn't go to wild parties where other teens drink and hookup, unlike Bad Boy Griffin (Griff the Grief-Master) Piper. To her dismay, she's been unable to

outgrow a crush-from-afar she's had on Griff for several years now, ever since he gallantly came to her defense when his hockey teammates embarrassed her by teasing her when she clumsily dropped her books in junior high. But in spite of her secret infatuation with Griff, Ally is positive she would never date a boy like him. Not that he would ever consider asking her out, because he doesn't date anyone. He's never so far had a girlfriend, only brief flings. Instead of dating Griff or any other Bad Boy, for the past two years Ally has dated a Good Boy, sweet, sensitive Aiden, who shares her passion for writing songs and spending cozy evenings on the couch watching movies. Her best friend insists that Aiden is more of a girlfriend than a boyfriend, and that Ally needs to move beyond a boring vanilla guy to someone more exciting, but vanilla is Ally's favorite flavor of guy. She wants a safe, predictable relationship minus uncomfortable, life-disrupting passion. Unfortunately, all of her comfort is blown to pieces when Aiden sabotages their two-year relationship by allowing another girl to come between them. He implores Ally to come with him to a party thrown by his science-lab partner, a beautiful, popular cheerleader named Fauna. Ally's suspicion that Fauna is trying to steal her boyfriend is humiliatingly confirmed when Aiden permits Fauna to drag him with her into a closet for a fast makeout session during a game of Spin the Bottle called Three Minutes in Heaven. Ally is devastated that Aiden would be that disloyal, and it seems all too obvious to her, and the 30 other teens playing the game with them, that Aiden wants Fauna as much or more than he does Ally. Then, unexpectedly, the spinning bottle points at Griffin, and he shocks everyone in the room by choosing Ally to be his heaven-mate in the closet. In the throes of angry disillusionment with Aiden, Ally abandons every rule she's ever made for herself about Griff and unresistingly follows him into the same closet that hosted Aiden's downfall. Griffin is a tender, sweet, and astonishingly skilled kisser, something Ally already knows from personal experience. Aiden has no idea--nor does anyone else but Griffin--that this is not the first time Ally has kissed Griffin. A year before, a kiss was Griffin's price for giving into her plea that he not physically put Aiden in his place for presumptuously trash-talking team-captain Griffin from Aiden's lowly position as a newby member of the hockey team. This second experience of kissing Griffin is memorable enough that Ally is roiled with conflicting emotions, longing to return to the tame safety of her relationship with Aiden and simultaneously yearning for the promise of adventure that surrendering to Griffin's obvious interest in her could bring to her life. This is a really fast, fun read. Ally and Griffin are both very likeable characters. Ally is a naively innocent girl, but she has principles she never hesitates to defend. In the midst of so many dark, "edgy" YA novels these days, it is a refreshing pleasure to encounter a "cleanread" teen novel such as this one where the heroine refuses to go along with the culture of underage drinking and casual sexual hookups surrounding her. Though this

engaging novel never goes beyond kissing, there is a satisfying amount of sexual chemistry between Ally and Griffin. It is both funny and adorable the way she becomes Griff's secret pal by making him treats in her cooking class and anonymously putting them in his locker every day, and it's equally amusing and sweet that Griff obviously enjoys her nurturing gifts. I would recommend this book for girls as young as 12, all the way up to adults, like myself, who enjoy YA romantic comedy. I rate this book as follows: Heroine: 5 stars Hero: 5 stars Romance Plot: 5 stars Writing: 5 stars Overall: 5 stars
