We got this book a month or so back. So far, we've done 6 of the hikes. Book's information has thus far been accurate, description of the trails is good and directions to the sites are spot on. The goal for my wife and I is to get all 60 hikes in

I got this to give as a Christmas gift for my brother and nephew who live near Cincinnati. They tell me it has been a great book, and their first hike was to a place less than 20 minutes from their house. They had no idea it was there until seeing it in the book.

I love this book! My dad hunts mushrooms and ginseng so we like to hike a lot. This book has shown us some spots we never knew about! We also like to make notes in it about what trees, plants and wild life we see in the area. We plan on hiking all 60 places.

Very cool book. It gives you ideas on where to go and tells you what you'll find once you're there.

I lead an exercise group here in Cincinnati, and getting lost w/ the group made me look ditsy. Also mud, and parking, and bathrooms, oh my - now this book is my alibi. I'll look up the park and make sure it's kosher for the group, and tell them, to not deter them from coming out to enjoy the day. This book'll prepare you in every way. So great review - why'd she ding a star? Because the maps could do better showing where you are. Make them waterproof or travel size, easier to carry. But otherwise a good book, buyer don't be wary.

I am glad to have this book. We have already taken two of the hikes in the book. I had no idea there were hiking trails through the woods at Ault Park.

Excellent resource. I've lived here all my life and missed some of these wonderful places.

Great little guide. Have done 3 hikes in hear I didn't know existed and I've lived in greater Cincinnati my whole life.
