## Customer Reviews

I have another favorite Author! I didn't think anyone could compete with Rachel Higgison! Best series of books I've read since I found Rachel Higgison :)Not many books can capture my attention & draw me in. I read because it helps me fall asleep. So if I'm reading during the day it must be a good book! This series is amazing & draws you in from the beginning. I have hated each time I have had to stop reading any of the books. There is always something going on. It's a page turner!! am

always sick & can't do the things I used to even though I'm still young(ish). It's a breath of fresh air when I read a good book. I really needed to find another favorite author because I read all of Rachel's books & needed books to read while I wait for her next book. But any books I read in the mean time just never compare to Rachel's. They are always disappointing & I get bored to easily & have to make myself finish the book. But not with Bella Forest! I have inhaled this series & also "A Shade of Kiev" which was also Amazing! I have already Pre-Ordered book 11 & can't wait! Luckily I still need to read the "Beautiful Monster" series! I just know I'll love it to! :) I will say that these books are expensive. \$4 per book has added up to \$40. It's irritating because I won't usually spend that much. But it is worth it! I downloaded the first book free a long time ago before all these other books came out. If I would have known I was going to spend so much, I would have never started reading them. I'm glad I did. But \$4 per book which is about 1/3 the length of other books & having to buy so many long term, it's too expensive & although this series is amazing it will deter new customers.

as always I think this is an awesome story.. I really enjoy reading what Bella writes and I love the technique she uses. I was happy to see the family bonds that are instilled in her books and was glad to see Kiev back in the story line as I always wanted him to be a good guy even though he did wrong concerning Sofia giving birth ...I personally think that when you read these books if you look hard enough you will see morals even if Bella does not intend for them to be there they are....In book nine we see morals surrounding family, for forgiveness even though you do not have to forget.....Caleb and Rose is another story that I am sure will come later here we see first love even when you have another person who wants you so much..I really enjoyed Ben and Abby I really hope to see them together and who knows maybe before he is turned that they can have a child...Now who I would totally love to see to have a child is Vivienne I think she would be an awesome mom maybe even Claudia ...No matter what to all fans of the shade series as well as new fans I think all of can honestly say that we love this series and support Bella in all she does and we all thank her for sharing her gift of writing with us and hope that she knows that we will always stand by her side...GREAT JOB BELLA

It's interesting that characters that fall thru the cracks become reborn into more supernatural storylines. A life goes on in the Shades island with the growing Novak extended families. How big is this island? Plus have redwood like in Washington state which is a colder climate and this island is warmer. However, I might be wrong. But, we readers are reading a supernatural novel and vamps, werewolves. Trolls, etc. are part of our fantasy world. At least for me, I haven't ran into any

of these creatures in my lifetime. Worthy read but Bella you need to step it up and bring more to your storytelling a am becoming . . . just slightly bored.

On the edge of my chair every moment of reading the book!!! I loved how Kiev ended up being tied into the book. Their twins, wow they were in mischief and luck was there side, when one of the vampires took their back to the Shade, and their son, Ben was rescued by his parents. It does get better in the middle and at the end, Bella and hubby have ended up with a curse, and they don't know. Everybody that has been reading the Shade series will love this book, and will be ready for number 10, which is headed our way.

So much action with twist and turns. I love Bella's writing and I've never been a book reader until I found her. Once you start reading this book you won't be able to put it down. How Bella can write a trilogy and tie it into the Shade series is fabulous. There's new romance and continuing old romances, plus tons of action to keep you on the end of your seat.

As usual a great book! I was hoping for more Rose and Caleb, and we did get some but I wanted more. Hopefully there will be more in the next edition since I want to see the two characters together. Looking forward to 10! Thanks again Bella!

I have ready all 9 books in the A Shade of Vampire series, and I have LOVED them all. This one was just as amazing as the rest! If you haven't read them, get right on it! You start with book one telling Derek and Sophia's story and now, by book 9, we are still getting the characters we loved from the start but also, Ben and Rose's story. I will advice that you should also read the stand alone trilogy, A Shade of Kiev, also by Bella, as it joins with this one! This is the order in which I would read: read Shade 1 to Shade 7, then read Kiev 1 and 2, then read Shade 8, then Kiev 3, and then follow up with Shade 9. Now, onto the book. AMAZING!! I can relate a bit to Derek and Sophia as parents who have kids that are strong willed to do their own thing, even when their parents have advised them against it for their safety!! I wanted to reach out and shake Ben and Rose myself numerous times in this book. I loved that Bella introduced Kiev and his new family into the Shade. It will be interesting to see how his misfit band of pirates fit into the Shade. I will not give away any spoilers, but I will warn you that once again, Bella has given us a huge cliff hanger! One that, even if for some reason you wanted this book to be your last visit to the Shade, there is no way you will be able to not read the next book and see what comes next. I will feel lost until Shade 10 comes. But

luckily she is super about giving them to us soon! Thank you for this piece of yourself Bella! It truly is wonderful!
