HIS POSSESSION: A Dark Bad Boy Baby Romance (Vicious Thrills MC)

Synopsis

BOTH SHE AND HER UNBORN BABY ARE NOW IN MY POSSESSION. This wasn't the place for a girl like her. Pregnant and desperate I'd seen it before. I should've turned her away but I couldn't say no to a body like that. My kindness comes with a price, though. And if she wants my protection, she'd better be ready to pay. I don't care that she's pregnant, that she's desperate, that she's poor. If I had a nickel for every time I'd heard that story, I'd be off screwing blond bimbos in the Bahamas, not running a strip club in the seedy part of town. But instead, I'm here. I needed new dancers, and in walks Lucy, with a sob story to make a man cry. And a body to make a man hard. I should've done what I always do in this kind of situation: Shut the door in her face. But this one was different. Something special happened when she touched that pole. The lights on her skin, the sway of her hips. I wanted to take her right then and there. But I'm a man of self-control. And besides, the anticipation is the best part. As the seconds passed, my desire swelled. I knew I couldn't let this one go. She wasn't like the others. She was mine and mine alone. And I was going to own her. Whether or not she liked it. HIS POSSESSION is a bad boy MC baby heist romance. It is over 75,000 words of hot sex and exciting action, and comes with three FREE bonus novels for your enjoyment! (Note: These stories feature consenting adults in sexual situations.)

Customer Reviews

Another hit by Zoey Parker with a well laid out plot that pulled me right into the story from the very beginning and the characters were so well developed that Lucy and Blade kept me totally entranced until the very end!! voluntarily reviewed an advanced reader copy of this book. However, I liked it so much that I one clicked a copy and you should too.

Blade/Lucy. Blade is apart of the Vicious Thrills MC Club and he owns the Bounce House (a strip club).Now Lucy comes from a very well off family her father is well known in the upper circles of the community. So after he sets her up in college and on her last year from graduating she comes up pregnant By her lover he is married with children he was to leave his family but never did. When she went to look for him for help he up and moved so she had Know choice but to go home for help when she go home she tried to talk to her parents and told them about the pregnancy her father told her either get rid of the pregnancy or get out of the house. So she went to her room and packed a few things in her back pack she has know money know nothing her father froze her checking account and took her apartment at college. Lucy went on interviews for jobs Know luck. Her last hope was this strip club so she did the interview So to say the least Blade enjoyed the interview very much he could not get up from his desk and read the book to find out how these two and the MC save her and the baby. I read the book voluntary.C.

Lucy is pregnant by a married man and desperate when she is kicked out by her parents for refusing to get an abortion. Her father freezes her accounts and puts out the word that no one should hire her, so she tries to get a job dancing at a strip club. Blade is a member of The Vicious Thrills MC Club and is the owner of the strip club. He thinks she looks to young and innocent and doesn't hire her. He finds her crying and takes her home with him. He gives her a chance to dance and decides he doesn't want other men looking at her. He becomes her protector even when she tells him she's pregnant. She expected him to kick her out. There are twists and turns that keep you reading until you finish the book. I voluntarily reviewed a gifted copy of this book by the author with no obligation. I also purchased my own copy. Lucy and Blade, what can I say? The most unlikely pair known to man! Lucy is from a very rich, controlling family and Blade, well he is part of a rough tough motorcycle Club. He owns a strip club of all things! Lucy has fallen from grace with her father and he has tossed her out into the world on her own, tied up her money and the possibility of a real job to support herself, basically left her on the street to fend for herself. I am sure he expected her to buckle and come crawling back but that is not the stuff our girl is made of! She has something precious to protect even if the father abandoned her. She is set to take care of herself and her unborn child. She finds the family and the love she has been denied for all her life in the most unlikely of places. Wonderful detailed story that will totally, well almost lol, change how you look at hardcore bikers. Oh and along with that, it is hot enough to melt your kindle!! I voluntarily received an ARC from this author. Have to say though I would have bought it or anything else this author puts out! A must read ladies!

Blade is a real man but whose has respect for women and great morals for a biker. He is in the Vicious Thrills club. He meets a rich girl who finds herself pregnant by her married banker boyfriend who dumps her on finding out she's pregnant. Her well to do father is a hidden monster that only concern is appearance. Once he find out she's pregnant he immediately wants right baby gone. He wants her out of sight until the baby is no longer a reality. Blade is the man for opening his heart, home and MC family to her. It's a rollercoaster ride for this sheltered young lady to discover MC bikers aren't the real criminals but her dad. Blade and Lucy were meant for each other but she allowed her prestigious life to cloud her thinking until she had to rudely discover this biker family were more loyal and family than she could ever hope for. A wonderful read. Received this book as an ARC for voluntary review.

I feel like a record when I say Zoey has outdone herself with her latest book. This book had a little bit of everything you could want. You have this poor girl who get pregnant and her rich father kicks her out. She try's to get a job but her dad has blocked that idea and so she ends up trying out to be a dancer and there are sparks flying between these two even though she is pregnant with another mans baby this rough guy takes her in. The story gets really good many surprises that make this story so hard to put down. I am a power reader and I couldn't put this book down till I finished it. I was given an ARC for my honest review and I can tell you Zoey does a great job showing the softer side of MC guys but there was plenty of action. If you have KU you could spend a happy weekend catching up on her books, she doesn't make you wait for the next book to get your HEA....love you

Zoey

The last thing homeless and pregnant Lucy expected to find when she applied for a job stripping in a club was a protective hero shining a light in her otherwise dismal world. Blade was everything she had been told was bad during her young life yet he turned out to be everything she never knew she wanted. I had a very hard time with the character of Lucy's "Dad" and I use those quotes for a reason you will understand when you read the book. I loved this book and was pleasantly surprised it was not your typical Dark Bad Boy, Baby, MC Club Book. The author masterfully writes this story to show just how jaded the world has become about certain stereotypes. In this book you quickly find just how good the "bad" ones can be. I was given an ARC in exchange for an honest review.
