Customer Reviews

Hunter is a kickass MC member with all the skills and attitude required. Kylie Aston is a physical therapist at the VA hospital assigned to Hunter's friend Marco. Really good storyline ; characters are pretty well developed; plot twists and turns were pretty weak--needed more edgy action. HEA? You

knew it was coming from the first page!

So much hotness squeezed into one book! Savannah Rylan really knows how to please her readers. I love MC novels and this one is one of my favorites! If you like hot, sexy, muscular, tattooed overprotective bad boys Hunter is the one for you!

Another fantastic MC book. I loved this

I really enjoyed reading this book.

Hunter is HOT!

I received an ARC for my honest review. I debated how many stars to give this book. While I liked the storyline and the characters, there were some details in the beginning that drove me nuts through the entire book. In chapter one Hunter talks about being a Marine and Marco getting his leg blown off in Iraq. Yet at his first physical therapy session Kylie has him stand up so she can see how strong his legs are. She mentions his legs several times during PT sessions. Did Savannah forget it was blown off or did he have a prosthetic she forgot to mention? Also in chapter eight when Kylie & Hunter meet at the bar for the first time she asks if he was in the military like Marco and he replies "No, we were buddies in high school." Again, did the author forget he was a Marine? It was even in the book description that he was. It's the little details that can sometimes ruin a good story. Where's the editors and proofreaders? For the most part I enjoyed this book and will more than likely read Tank when it comes out.

How can I start this review, hmmm... well this is my second book by Savannah Rylan. My first one was Gunner, that is the first book of the Bad Disciples series and my first book about motorcycle clubs. You know when people ask you about what you like to read I usually tell them well is easier to tell you what I don't like to read and then I tell them, well I didn't like to read about motorcycle clubs until Savannah Rylan's Gunner. Then I thought it might be a fluke. WELL ITS NOT, she did it again and I can't have enough!!! Hunter is an amazing book. Well written, great story and a big handsome (hot hot hot) man. Just so you know I am waiting for Sept. when the next book of this series is going to be release. Now about Hunter... Hunter is a member of the Bad Disciples. He has not problem finding girls and one of the groupies of the BD is always around, to you know make him happy. He

do not understand how Gunner (he is the main character of the first book of the series), is happy having only one woman, when he can have one different woman every night. One of his oldest friend, an ex marine, need his help and they decided that is better for him to go to physical therapy at the VA. Hunter, as the great friend that he is, takes his friend to the VA. To his shock he sees this angel, a woman like no other, that start to change his ways. He is starting to get why Gunner is only with one woman, the woman he loves. Kylie is a 26 years old single mother. His baby boy Carter is her life. She works as a physical therapist at the VA and has sworn of bad guys and that includes anyone that is a member of a motorcycle club (MC). Been there done that. The father of her son was a bad guy, that got into a MC and ended been even worst that he was at first. He was a drunk and violent man. She had enough of it and ended the relationship when her son was one month old, that was 3 years before. One day this handsome guy cover in tattoos arrive to the VA with a friend that needed her as a physical therapist. She sees he is a good friend and that he is kind, and accepts to have a date. Everything when well, so well that they ended up at his apartment getting hot and heavy (great scene!!). But what happens when she see his badge, his Bad Disciples Motorcycle Club Badge?!!!! Will she let him explain? Or will she put him in the same category as her ex? And when her ex try to get her son away from her, what will Kylie do? What will Hunter do? I voluntarily reviewed an Advance Reader Copy of this book

Hunter/Kylie. Hunter was helping a friend Marco that got hurt in the military. Now when Hunter left the biker M.C. bar on night to help Marco they had a talk about getting him some more help so he gave in and Hunter took him to the V.A. the next day and wheeled him into physical therapy. There is were Hunter saw the most beautiful woman he has ever seen in his whole life. Just being in the same room gave him the tingles. Now Kylie went to work that day she never though she would see the hunk of a man walk in her work along with his friend let alone helping one of her patients out. So all during the therapy session she couldn't take her eyes off of him so when Marco and her were finished they scheduled there next sessions Hunter couldn't stop thinking of Kylie. Now being apart of an M.C. club there are responsables and then there are fun times. But above all there is respect for each other in the club and you do not above all else hurt woman know matter what. Now Kyle after the session and Hunter leaving with Marco she could not get Hunter off her mind until the next time she saw both of them she tried her best to ignore him the best she could and take care of Marco so when the second session was over she was like just standing there saying bye and they both walked out now Marco told Hunter take me to my group meeting and come back to Kylie and see her. So read the book and see what these two get into and out off. I enjoyed the book so much

can not wait for the next. I read the book voluntary. C.
