

Synopsis

The sky blue spring azure #150; one of the earliest spring butterflies, is one of over 380 species of butterflies and moths found in the diverse ecosystems of this region. This beautifully illustrated guide highlights over 70 familiar and unique species and includes information on their life cycle and features illustrations of common caterpillars and pupae. Laminated for durability, this lightweight, pocket-sized folding guide is an excellent source of portable information and ideal for field use by visitors and residents alike. Made in the USA.

Language: English

ISBN-10: 1583554785

ISBN-13: 978-1583554784

Product Dimensions: 3.5 x 0.2 x 8.2 inches

Shipping Weight: 0.3 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars 3 customer reviews

Best Sellers Rank: #693,627 in Books (See Top 100 in Books) #134 in [Books > Science & Math > Biological Sciences > Animals > Butterflies](#) #231 in [Books > Travel > United States > Central](#) #305 in [Books > Science & Math > Biological Sciences > Biology > Entomology](#)

Age Range: 10 and up

Grade Level: 5 and up

Customer Reviews

Zoologist Jim Kavanagh has made a career out of introducing novices to plants, animals, the sciences and world cultures. In addition to creating over 500 simplified nature guides, he has also authored guides to languages, cities and outdoor skills. An avid traveler and backpacker, Kavanagh's path has taken him around the world to many remote destinations including the upper , Africa, Australia, and the Arctic Circle (and this is just the As). He is also the author of a series of state-specific guides to common species and natural attractions and a children's book on evolution.

The version I received had all pictures with wings down, not folded up. It is good for a quick

reference when you are learning the most common (familiar?) butterflies of Kansas. The pictures are presented in the style of preserved butterflies....most Skippers do not lay flat when they are in the field.

This is a quick reference that goes with you into the field.

very nice,use it all the time and when the family saw it they wanted one so I bought 2 more for them.Handy,small easy to carry and has everything I need to identify butterflies
