Customer Reviews

It was the dawn of a new era in our family seder. After so many years going mechanically through the service, It was great to use a Haggadah that actually meant something. It included all the foremothers as well as forefathers and had prayers and blessings I've never seen before, like Miriam's Cup. My brother-in-law (the new seder leader) and I did a bit of editing beforehand and afterward he actually said, "I think there are a couple things we should add back." I never thought I'd hear that from anyone in our family. I'm really happy we found this Haggadah and look forward to using it again for many years to come.

This is an absolutely beautiful, user friendly, informative, easy to use, thorough, and efficient Haggadah! My whole family loves it. I also love that it has the Hebrew, transliteration, and the English - it works for everyone. I actually don't know how the author did it, but everything is in here that you need, it is interesting and educational, and yet it does not make the Seder too long.

this modern haggadah is illustrated by a famous artist. i know him and treasure his art work. he has a beautiful soul and it shows in his work
