Meet Mr. Grizzly

Synopsis

MEET MR. GRIZZLY A Saga on the Passing of the Grizzly Bear Reprint of British Edition, 1950. Includes b&w historic photos. The memoirs of a one-armed Englishman who ranched, fought Apaches, and mostly hunted bears with hounds in New Mexico, 1882-1900. Educated at Cambridge, he was one of the most literate chroniclers of New Mexico's rural history. A great Old West memoir, and a superb hound and horse training book. His well reasoned comments on natural history, dog training, and the life of an early day cattleman are an invaluable reference. This edition contains a new story by Stevens about an unforgettable Old West character. Called "Front Name Dick;" a classic tale of rough, frontier humor.

Customer Reviews

"A brilliantly innovative 1890's houndman whose training methods and hunting techniques were far ahead of his time..." -- Larry Mueller, Hunting Dogs Editor, Outdoor Life

My husband loves this book. It is like campfire chatting, in his words.

I was introduced to Mr. Stevens by the writing of Frederic Remington and Agnes Morley. Rancher and hunter in the late 1800's, Stevens first appears as avid bear hunter but soon becomes a refreshing, free thinking man of the southwest. The first part of the book relates his early bear hunting experiences, but the story soon evolves into a remarkable lesson on dogs, horses, and

men. One of my favorite books.

This was a gift and it was much enjoyed

Absolutely great book on ranching in NM at the turn of the 20th century. Montague Stevens not only tells of hunting bears but also of interesting individuals and animals he met and trained. If you like authentic, non-varnished, tales of early western US, then buy this book!

The Best!!!

A good historical view on hounds and hunting in a prior era. Also food for thought on the use of bloodhounds for man trailing.

A very tough (one armed) man in tough country details training blood hounds to track his bear hounds. Some great hunts depicted you get there with him. Hard to put this book down and you will read it many times

Great Read if your interested in dog&horse Training or just a good true western story
