Customer Reviews

the overall book was okay but the storyline was very confusing you only gave a few pages of

backstory and the ending didnt make a good end to it. also wat does FIN mean anyway? what happened with the witch were is razar the bok was just overall confusing. 3 stars for me is kind of pushing it but i try to leave nicer reviews so it gets 3.

Ok

The Writer has nailed it once again with a brilliant concept put in a manner which can't go wrong, the book is absolutely hilarious with a kind of a moral theme going on. Kids love these as the writer has made sure it is appealing all the way, the story takes the light and darkness concept to a whole new level of intensity yet manages to keep book funny and captivating. If you are new to these story books, this is a great one to start with.

In Ender King's newly released Minecraft book, we witness the journeys towards good or bad of the Minecraft wolves. With detailed and entertaining illustrations, Minecraft: 'Wolf Chronicles' - Mini Minecraft Book Series: Light V Darkness, proves to be one of the most original and unique stories ever released by Ender King. With interesting and entertaining characters, this book is brought to life off the page, in a fashion that can only be achieved by Ender King. As always Ender King's new release is easy-to-read and can be read in one sitting. If you are a fan of Minecraft, I highly recommend that you purchase this book, it will be one of the best Minecraft purchases you make. With this new release and addition to the Minecraft universe, Ender King proves he is a master storyteller and one of the finest Minecraft writers. In his entire series of Minecraft books, Ender King has never failed to impress, and he continues that trend with this edition.

Another great book from Enderking. Very interesting and innovative story. Most exciting read. It has lots of surprise elements and many life lessons to learn about good and bad. Till the end author doesn't reveal which Wolf Wins. Top notch thriller novel. Both wolves have their own values and author unfolds it in a splendid way! Read it to enjoy and feel like you are in person witnessing the characters!

Light versus darkness tales are always interesting. In this adventure, without revealing which wolf wins, you'll be surprised at some of the lessons of life you'll learn. The author writes the story with twists and turns giving the battle between good and bad a "fresher" appearance. I enjoy reading books that make you feel like you're watching a movie. The words leap off the pages and form

images as you immerse yourself into it. Although this book can be read in one sitting, you'll find yourself reading it over and over. It is an enjoyable read.

One of the amazing books by Ender King that keeps you hooked into it. The book is one of the best ones for those who are looking for some excitement and thrill in Minecraft books. It is a rather interesting book that revolves around the good and the evil. Above all, it will keep you busy right till the end of the book.

The motives of the conflict between dark and light are subsumed in this edition of Minecraftia chronicles. My prime motivation in reading this book was clearly excitement and curiosity in who wins. This book simply offers a compelling account of a missing piece of history. Its a fun read and I highly recommend it.
