God's Amazing Creatures & Me! Devotions For Boys And Girls Ages 6 To 10 (Devotions For Boys And Girls Ages 6-10)

Synopsis

A creation devotional for children ages 6-10, which shows detailed, pen and ink illustrations of animals - mammals, insects, birds - paired with a description of each, then an application for the youthful reader. In exploring God and awesome nature, it is helpful for children to understand God and design for them. For example, just as the monarch butterfly emerges from a cocoon to soar to heights above the clouds, so too can we all rest in the knowledge that God has made each of us special, and He has great love and a plan for us. Spiral Bound 6-1/4 x 10-1/2 96 PAGES Helen and David Haidle produce gentle, biblical books for children about the world around them. Helen writes while David illustrates and their 45 or more books have sold more than 1.7 million copies.

Character counts; morality matters. Where did we begin to think that we can do whatever we feel and get by with it? No doubt, our children need to be taught integrity and character once again. Whatever happened to humility, meekness, service, and, in light of events of the past few years, shame? Do people no longer feel remorse or guilt at their wrongdoings? Boy! This book and the principles of character it teaches are needed like never before! -- Roger Howerton, Assistant Editor, New Leaf Press

Our little girl loves this, and so do I. Learning about God's amazing creatures is interesting, along with great Bible verses and spiritual applications to our lives. We will read it again in a year or so.

We struggle to find books that our son will take interest in. The last book (series) that he took great interest in was the Percy Jackson series. I agree with all of the other positive reviews of this book. It has filled a need, and provoked some discussion.

I chose this to read to my 3rd-5th graders at our after school program. I was looking for a devotional that wouldn't bore them. They absolutely love to hear the information on animals and then relate the animal characteristics to their own lives. Very well written book.

This was purchased for my 10 year old grandson. Even though 10 was listed as the upper most age, I think that the ease of reading will help him to understand God's plan for his life and this sweet age.

I used this book as a starting point for our Vacation Bible School followed by speakers, crafts, and music for different creatures... snakes, fish, birds, and insects. The kids absolutely loved it!!! We had ages 3-11 with some older youth helping and they ALL enjoyed the devotions. I am sure we will continue to use this book for Children's Sermons in the future. Highly recommend it!

My son has thoroughly enjoyed this devotional!

Nice way to talk about God to a child that loves animals. Some stories were a little too mature for our five year old so we just modified a little.

Great book! Fast delivery. Short devotion about an animal and it's amazing qualities and how we as people have are own similar qualities. Great at helping kids understand our responsibility to God!
