Perfect Italian Intermediate Course: Learn Italian With The Michel Thomas Method

Synopsis

Looking for a course to rapidly improve your Italian and fit in with your busy lifestyle? Already completed Michel Thomas Total Italian? Take your Italian to the next level with this acclaimed Perfect Italian intermediate course, the perfect follow-on to the Michel Thomas Method Total Course. How does it work? During the course, you will join Michel and two students in a live lesson, learning from both their successes and their mistakes to keep you motivated and involved throughout the course. You, as the learner, become the third student and participate actively in the class. Within the very first hour you will be able to construct complex phrases by listening and thinking out answers for yourself without the pressure of writing or memorizing. You learn through your own language, so there's no stress, and no anxiety. You'll stick with it because you'll love it. Why is the method so successful? The Michel Thomas Method was perfected over 50 years by celebrated psychologist and linguist Michel Thomas. This unique method works with your brain and draws on the principles of instructional psychology. Knowledge is structured and organised so that you assimilate the language easily and don't forget it. The method breaks down the language into building blocks that are introduced sequentially in such a way that you create your response and move on to ever-more-complex sentences. There is no need to stop for homework, additional exercises or vocabulary memorization, so you progress rapidly. What's in the Course? Perfect Italian with the Michel Thomas Method includes up to 10 hours of audio on CD and a practice CD-ROM with interactive activities and assessment which should be done after the course and as a means of review. It also includes the complete Vocabulary Builder+ 5 -hour course. *Note that this course contains the same learning as the previously entitled Advanced course and previous editions of the Perfect Course. The CD-ROM is a new addition. Learn anywhere Don't be tied to chunky books or your computer, Michel Thomas Method audio courses let you learn whenever you want: at home, in your car, or on the move with your MP3 player. Where do I go next? Insider's Italian phase 2 Michel Thomas course is ideal for intermediate learners looking to improve their conversational Italian, grammar and vocabulary in authentic contexts.

The nearest thing to painless learning The Times A unique and perfectly brilliant way of learning languages Stephen Fry The most extraordinary learning experience of my life Emma Thompson Thomas makes it simple Sunday Times Works like a dream Daily Telegraph Michel Thomas is a precious find indeed The Guardian Five minutes in and you already feel like you're winning Time Out

Michel Thomas (1914-2005) had an amazing life. Born in Poland, he spent his early years in Germany and then in France, where he studied psychology at the Sorbonne in Paris. When war broke out, he fought with the Resistance and suffered imprisonment in labour camps. At the end of the war he joined the US liberation army and later settled in the US where he established his world-famous language school. For more than 50 years he taught languages to the rich and famous and was the world's most sought-after language teacher. After creating several courses of his own, he passed on his method so that other teachers might use it too.

I learn so much from his method. This is the more advanced set for Italian and although I have a personal tutor and have taken on line classes and even lived in Italy, this is the method that has the most bang for the buck. I had already used his spanish and french lessons to great effect. If you want to take your Italian to the next level, this is the set. Note that only the first few discs are Thomas himself, taking you through more complex verb structures like the conditional and the imperative/conjunctive. I had already studied these but he makes learning and knowing them much, much more effective and seamless. The last few discs are "vocabulary builders" with a woman who does not have a great italian accent (which is a drawback) but fortunately there is another native italian speaker who first pronounces the phrase you are asked to come up with (using what Thomas

has taught on the tapes) and that person's accent is quite authentic. These latter discs, the vocabulary builder, are more effective than I anticipated! Extremely useful. This set is amazing if you are at least the intermediate level and want to kick up your Italian speaking ability. It has improved my Italian by 50% at least just in the last month or so.

I love my other Michel Thomas CD's but this one is very difficult for me to understand. I listened to it yesterday for the first time and would not have purchased it if I had heard it before. I kept turning up the volume and was having a difficult time with sound quality. Not a fan of this one and sorry I spent the money. Sorry

Mr. Thomas focuses on grammar instead of vocabulary, and the Socratic "how would you say" technique he uses makes it surprisingly easy to follow and learn the rules.

great teaching aid for those learning L'italiano!
