Ecuador Road Trip: An Insider's Guide To Planning An Amazing Adventure

Synopsis

A colorful mix of useful tips and the author's experiences come together to help you plan your trip to Ecuador. The book discusses why you should travel to Ecuador and tells about some of the many amazing places worth exploring in this gem of a country. Once you're convinced that you need to take an Ecuador vacation, everything you need to plan your trip is tackled, from visa information and packing ideas to suggested routes and foods to try. Plus, read about the two road trip options in Ecuador: renting a car and taking the bus. Why take a road trip? It's the best way to see Ecuador! This book is the perfect companion to the everyday guidebook. Use the guidebook for hotel and restaurant ideas and Ecuador Road Trip for everything you need to know in between. Includes over 15 full-color photos, maps of popular routes and additional tips from other travelers. Scroll up to buy now!

Customer Reviews

I have lived in Ecuador for 15 months now. I've traveled to many of the places mentioned in this book either by car or bus, and the recommendations for attractions, foods, and "survival" tips are accurate and informative. Knowing how to navigate Ecuador is important. It isn't like traveling in the

US where I'm from. I believe the insights Jessamyn provides in her book are invaluable for having a really great experience visiting this pretty awesome country. Buena suerte amigos!

This is a well-written travel guide with a unique slant--the road trip. I'm personally quite fond of road trips in the US and this book makes me excited about continuing that tradition in Ecuador. My husband and I recently went to Ecuador and have decided to move there. I wish I had this book before we had gone! I spent hours and hours doing research online to help me navigate myself in an unfamiliar land. This book has the tips you need: how to use the public bathrooms (much different than those in the US and Europe!), how to navigate the bus system (so cheap!), what to bring to protect your stomach, and how the visa system works. Great, great suggestions!

I have relatives in Ecuador and both my parents are from there. I found this book to be a great quick read, yet full of useful insight for the first time traveler to the country. I would highly recommend this book to any potential traveler to Ecuador - its well balance and to the point. Kudos to the author. Would love to see a follow up book with more details on Cuenca and the American Ex-pat population.

I have been to Ecuador several times while searching for the place that I want to live. I learned on my own many of the points that Jessamyn touches upon in her book. I highly recommend it to anyone planning on visiting Ecuador. I wish that she would have released this before my first trip....it would have made navigating the country so much easier!

I live in Ecuador and have traveled the country extensively. This book has spot-on information and up to date references. Everyone who is considering a trip to Ecuador should read it. Simple, to the point, and includes tips that only insiders would know. Great road arrangements as well.

This book makes me want to pack bag a bag and go! Everything I would want to know to plan a trip! I appreciate the personal experiences and favorites, the "locals" inside scoop! A MUST read for anyone who likes to travel! Great tips!

Great information!

This book is simple , clear and concise...Definitely worth the read.Probably better to take the advice

given !
