Diving Equipment: Choice, Maintenance And Function

Synopsis

Diving Equipment is a solid introduction to how dive gear works, the choices we are faced with and how to ensure it will last. This is a book for anyone who wants to better understand diving kit without having to dismantle it, complete with helpful illustrations and details about the hidden inner workings. Although of obvious benefit to newer divers, Diving Equipment will also be of interest to divemasters, instructors, those who need a refresher and any curious non-diver. With an international perspective, covering a range of conditions and a wide variety of diving gear including: accessories; BCDs; computers; cylinders; drysuits; fins; gauges; masks; regulators; rebreathers; sidemount; snorkels; stages; torches; weights; wetsuits; wings and more.

Book Information

Paperback: 206 pages

Publisher: Dived Up Publications; Revised & enhanced edition (June 22, 2016)

Language: English

ISBN-10: 190945513X

ISBN-13: 978-1909455139

Product Dimensions: 6.1 x 0.6 x 9.2 inches

Shipping Weight: 15.5 ounces (View shipping rates and policies)

Customer Reviews

'A must-have for newly qualified divers, but this excellent book shouldn't be dismissed by those with more experience as a publication on the basics - it offers far more than that. The vast majority of us would benefit from a deeper understanding of the dive-gear on which we rely so heavily, what it does, how it works and how it should be used and maintained. This volume delivers such information in spadeloads, and should be on every diver's bookshelf'- Diver magazine. 'One of the few diving titles out there that everyone should own and, in my view, should be a required text for those diving professionals working in instruction, supervision or sales'- Steve Warren, INON UK. 'First thing I have to say about this book is that every sports diver should have one... Diving gear is not cheap and can become a serious investment, so knowing what to choose and how best to ensure its long and reliable life is to my mind definitely worth the cost of this book'- Scubaverse.

Jonas Arvidsson is a former Head of Education at PADI Sweden, dive centre owner and PADI Course Director. He translated nearly all PADI training material into Swedish and has also instructed in Australia, the Philippines, and Thailand. A former biology and chemistry teacher, Jonas is now a writer, illustrator and translator. See www.a-pub.se for more.
