Customer Reviews

I was a little skeptical at the start of this book but I really feel like it was something I needed to read. I smiled and I cried. After coming from a broken engagement and going through the healing phase I knew it was time I let God take control of my love life and to prepare myself in the meantime to become a good wife to whoever he has planned for me. So if you're single, newly single, in a relationship or even married it's a great book to read!! I highly suggest it, it will bring new hope or rekindle that fire of hope in waiting for God to bring you the man or woman into your life. I honestly wish I didn't have an ending and just kept going but I will for sure be reading it again and again.

I loved this book, I read it in one night. This was the answer to a prayer that was in my heart. It helped me to see clearly how gracious GOD is when prompting us to follow his lead on relationships. This book calmed my weary spirit...shortly after this read I met my love. Trusting in GOD. I would give this book 10 stars if it was an option.

God told me to get this book I bought it on the the 3 of this month of March it came on the 12 of March I started reading it on the 12 of March the day it came and I now just finish reading it today 16th of March this book is AWESOME I would recommended to any single woman that seeking and

believing God for a husband.

Susan Rohrer is becoming the go-to person for topics of interest to Christian women (and men) with this new title. I don't believe I've ever read a book that describes how God gives us discernment regarding potential mates and this one is Biblically solid. The tips are excellent for women of any age and more than helpful. I recommend it highly.

This was a great read, and Ms. Rohrer does a great job at backing up her writing with scripture. I read this on the heels of a recent breakup and what I learned was something I knew deep down. He wasn't the one. The book is written in a manner that touches the reader, and makes you feel as though you're talking to a trusted friend. Enjoyed it immensely and will read it again.

Exactly the type of biblically-based advice that I have been praying to be given... definitely recommend this to any woman (or man) that is in a season of waiting to find "The One" that God has specifically created for you.

I would recommend this book to single women who are in a relationship and are not sure if he is the one. The message was very clear. God first. God knows exactly who you need to be your husband.

I write for single young adults (and am one myself) and I think that this book offers a unique and important perspective for young Christian women who are considering marriage...and does it in an approachable way. The idea that coincidences can masquerade as God's leading is something I haven't heard elsewhere (except in *Finally the Bride* by Cheryl McKay, which this author also recommends).
