Colloquial Russian 2: The Next Step In Language Learning (Colloquial Series)

Synopsis

Colloquial Russian 2 is the ideal way to refresh your knowledge of the language and to extend your skills. Colloquial Russian 2 is designed to help those involved in self-study. Structured to give you the opportunity to listen to and read lots of modern, everyday Russian, it has also been developed to work systematically on reinforcing and extending your grasp of Russian grammar and vocabulary. Key features of Colloquial Russian 2 include: revision material to help consolidate and build up your basics; a wide range of authentic contemporary documents; lots of spoken and written exercises in each unit; highlighted key structures and phrases, a grammar reference and detailed answer keys; Audio material to accompany the course is available to download free in MP3 format from www.routledge.com/cw/colloquials. Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

Svetlana Le Fleming and Susan Kay are the authors of the successful Colloquial Russian (1997). Susan Kay was head of Russian at the University of Northumbria for 26 years. Svetlana Le Fleming is also author of a Russian-English/English-Russian Dictionary published by Routledge & Keegan Paul in 1972.

The book offers intermediate level Russian in an effective format. I recommend that you first complete 'Colloquial Russian - Complete Course' before tackling this book. I especially liked the vocabulary, word sets, and dialogues. Some of the grammar could have been more explanatory, but overall quite adequate. The authors also attempted to provide a glimpse of Russian life with the stories and dialogues which I found appealing.

This is a fun class reader, with interesting topics. We are using it in my 3rd year Russian class, and I like it better than standard text books.

I ordered BOTH the book as well as the CD. The quality of each is more than rich and satisfying. The book seems at times to be a bit on the more intermediate side. However, when combined with the tests and other learning materials provided on line along with a well-done CD with proper Russian, it can definitely take you to that lower advanced or further level that you may have been striving for. It is work just like with any language learning but in this package, the work seems to be easy, clearly defined (answers are in the back if you need that extra pat on the back or if you really need to go over that part again very carefully).

very good book.
