Visit --- www.mytestingsolution.com/mcat --- for details. This Kindle eBook includes a free PDF version of this 30 Day MCAT CARS Guide. Details Inside!!After many requests, .com's highest rated CARS Prep Company (over 300+ reviews) has finally released their own guide to the MCAT CARS section. This guide has received over 96,000 views on SDN and the dedicated SDN thread has over 385 posts. See what all the excitement is about!...Over 30 days, Testing Solutions editors and test writers break down the CARS section into bit sized lessons, teaching the most advanced strategies available as well as showing you the junk strategies that don't produce results. This Guide Includes: Day 1 - The Plan/ Getting Your Materials Day 2 - Breaking Down the MCAT CARS Section Day 3 - Reviewing/ Timing Day 4 - MCAT CARS Myths: The "Don'ts" Day 5 - How to Approach the MCAT CARS Section Day 6 - The Passage Day 7 - Passage Types: Argumentative Day 8 - Argumentation: Modality Day 9 - Passage Types: Descriptive Day 10 - How to Use Keywords Day 11 - Health, Wellness, and Stress Management Day 12 - The Second Key Day 13 - CARS Question Types: The Main Idea Day 14 - CARS Question Types: Passage Detail Day 15 - CARS Question Types: Implication Day 16 - CARS Question Types: Inference Day 17 - CARS Question Types: Application Day 18 - CARS Question Types: Integration of New Information Day 19 - CARS Question Types: Attitude Day 20 - CARS Question Types: Meaning of a Term Day 21 - CARS Question Types: Author Technique Day 22 - CARS Question Format: Negation Questions Day 23 - CARS Question Format: Roman Numerals Day 24 - CARS Answer Pathologies Part I Day 25 - CARS Answer Pathologies Part II Day 26 - CARS Answer Pathologies Part III Day 27 - How to Take a CARS Full-Length Practice Test Day 28 - How to Review a CARS Passage Day 29 - How to Review CARS Questions Day 30 - How to Review CARS Answers Day 31 - Putting it Altogether: How to Review an Entire CARS Practice Test Day 32 - Advanced Study Techniques . Testing Solutions, LLC?!? Who are you? Well... that's a fair question. First with the obvious, we are not a big company. The truth is though that we really don't want to be. The bigger you are, the more money you have to bring in, the higher your prices go, the more attention you have to pay to marketing to bring in the

larger profits you need to keep a roof over your head, and consequently, the less attention you pay to putting out an incredibly high quality product at as low a cost as possible. So...if you are expecting a mega corporation that will charge you thousands of dollars based on their big fancy name alone for their mediocre at best MCAT prep materials, you are definitely looking in the wrong place. We are not a big company and we never plan to be. We are a small company putting out what we believe to be the highest quality MCAT CARS practice materials on the market at a fair and reasonable price.

Customer Reviews

I would recommend this practice test to any of those who are taking the MCAT and need to "brush up" on their Verbal Reasoning skills. You'd think that Kaplan, Princeton Review, Examcrackers, Berkeley Review, [enter any prep program that forces you to fork over \$1,000+ for its respective courses] would have extremely, extremely similar passages to the real ones produced by the AAMC. Yet those passages by the aforementioned are OK. On the other hand, TS-1 has VR

passages that are quite challenging--like the real thing! Now, some of you who do, in fact, download these tests may feel as if you're at a disadvantage to read and/or take the exam via Kindle on your phone or tablet. It's a slight inconvenience, but be rest assured that you can download Kindle for your PC or Mac (as the TS peeps would suggest that you do), so that you can treat the TS exam like an actual MCAT exam that you'd take online. I guarantee that for the great price and quality, TS is worth any aspiring physician's while!

I had been following Testing Solution's 30 Days CARS Guide on SDN and after using up all of my other materials turned to their own products. I believe this very test is an accurate representation of the AMCAS passages and is much better than ExamCrackers 101 or the NextStep Products. The TS T1 test included passages that weren't always interesting like those of EK and weren't as dense and difficult as NextStep. Some claim that TS's test is slightly harder than those of AMCAS but to be completely honest, the denser passages are a good way to push you to work harder and faster during the test. Many have been commenting that the Kindle format is too difficult to use/not ideal, but I think its absolutely fine. If you follow TS's instructions on how best to use their product in their introduction, you'll instantly become familiar with their buttons. The only downside is that when I pull up the entire passage to fit in my screen (13"), the words seem a lot smaller than they would in the AMCAS test-taking platform. But in the grand scheme of things, its not the word size that's going to prevent you from getting into medical school!

I have been teaching MCAT Verbal techniques for over eight years, and this product is the real thing. It very closely approximates the sense and feel of the real MCAT. There are very few products in the marketplace that serve as appropriate practice material for the real MCAT, but Testing Solutions MCAT Practice Test (TS1) feels real. The MCAT features a peculiar type of counter-intuitive and contrarian psychology, and Testing Solutions MCAT Practice Test TS1 captures these characteristics nicely. I was surprised to find this to consistently be the case throughout the downloadable booklet. Despite the introductory hyperbole, which was slightly off-putting, the product did live up to the promises. Also, I will say this MCAT Practice Test TS1 from Testing Solutions compares very favorably to other MCAT Practice Materials on the Market, perhaps even beating the competition out. Also, you cannot beat the price--by far, the most affordable on the market. I would recommend MCAT Practice Test TS1 from Testing Solutions without any hesitation whatsoever!

I've taken Berkeley review, Exam Cracker, and Princeton Review Verbal and I thought this was one of the most accurate ones to the MCAT exam (as well as Exam Cracker). I really loved the product! I also took the MCAT exam (but cancelled it cuz I got too nervous) and I thought it was very accurate to the exam. I thought it was a pretty decent value for the price, I mean there are 14 verbal sections (7 passages each) in EK Verbal book that I got for about \$30, so that would be about \$2.15 per section. If I buy all 5 (I believe there is only 5) TS Verbal sections, that would amount to 25 dollars, which is kind of a lot. Compared to the EK Verbal that I bought. But in terms of the content, I'm pretty happy with it. I really loved the fact that there are detailed answers, because I remember doing Princeton Review and their solutions were not detailed at all.

I've bought several books to improve my verbal skills and this test seems to teach me more so far. It is hard though. I like how the test mirrors the AAMC test but the difference is how the paragraphs are. It would have been great if I could read all the explanation of each answer question in few pages rather than multiple pages. I think TS test is better at answer explanation compared to Exam Crackers. I also believe that the test is as hard as Exam Crackers. I have used Kaplan books too but I have not gotten much from it. This can vary from person to person so I advise to use as many sources as possible because sticking to one test prep company only might not be beneficial. Berkeley Review Verbal is also similar to TS. I will update my review after I take the real test. GOOD LUCK Everyone!

I bought the first verbal practice exam by Testing Solutions a few days ago and tried it out in preparation for my 2nd attempt at the MCAT this year. Having taken the MCAT last year, I can say that the questions on this practice test were quite similar to the ones presented on the actual exam. I think it's definitely better than some of the Kaplan practice exams I've taken (the Kaplan passages seem a little too easy to read when compared with the actual MCAT passages). I would say TS is on par with Exam Crackers and the AAMC exams in terms of similarity to the actual exam. The Princeton Review passages are definitely much harder than TS and are probably good practice, but TS is certainly more similar to the real thing. I haven't actually taken any TBR verbal exams so I unfortunately cannot compare TS with them. All in all, this exam was DEFINITELY worth the money. It's literally just 5 dollars. Most MCAT prep books cost at least 6 times as much, and I would say that TS is just as good as them.
