# Mini Donuts: 100 Bite-Sized Donut Recipes To Sweeten Your "Hole" Day

## Synopsis

Say hello to a brand-new way to brighten your morning or any time of day! Jam-packed with gooey jellies, oozing with rich custards and creams, and covered with mouthwatering toppings, these mini donuts are bursting with big flavor. From recipes for the traditional donuts everyone craves like Chocolate Cake and Powered Sugar to fun, new twists like Chocolate-Bacon-Maple, the donuts in this cookbook will leave you begging for more than just a dozen. Best of all, almost all the recipes can be made in a mini donut maker appliance, a stovetop, or an oven, so all you'll need to create these bite-sized snacks is a hankering for something sweet. Inside this cookbook, you'll find helpful step-by-step instructions and 100 yummy donut recipes, including: Maple-glazed White chocolate "red velvet Pineapple upside-down cake Butterscotch-banana Chai tea S'mores With Mini Donuts, you'll never again have to wait in line for your favorite bakery treat!

## Customer Reviews

So far, so good! The book is adorable. Lots of great ideas and (so far as I have tried) great recipes! The chocolate cake donuts I made were the best recipe I've made so far -- I use an electric mini

donut maker. I've tried the King Arthur recipes and several web/blog recipes, and this book's chocolate one is the best! The pictures are awesome, but like many reviewers, I wish there were more.

Pretty much the same recipe for all the donuts and frosting. very little variation to the taste when different ingredients are presented. it's ok if you like the sugar cookie taste but definitely NOT a fan if you want a real donut taste

It is nice to have a donut book that give you 2 ways to make it for each recipe but it disappointed me that it doesn't have the final picture of each recipe. For cookbook, I really enjoyed looking at pictures for each recipe because it catches my attention to make it.

Lots of yummy donut recipes, for fried and baked. I made the Vanilla ones last night and they turned out great. My problem is with the "glaze" or icing. She's got 1 TBLS of milk and 1 teaspoon of vanilla, then 1.5 cups of powdered sugar. Mix until smooth. Well.....there is not enough liquid to ever make this into a glaze. I ended up pouring more milk and vanilla into the mix and honestly...it was gross. So I am not sure if I did something wrong or if there is some kind of typo in the book. I did go online and found other glaze recipes, and they all have a much more liquid/powdered sugar ratio, so I will just use those for icing the donuts.

Bought as a present to go with babycakes donut maker and they loved it!! Not sure how the recipes come out though..

The book is clearly written with great pictures. Easy recipes to follow and make and has wonderful frosting recipes. All the recipes I have tried so far make very light and delicate donuts. The reason for only 3 stars is that all the recipes are more like a very light cake. I was hoping for more of a traditional donut like the cake donuts from the donut shop where they are a little more dense.

This book was bought because we purchased a Sunbeam mini donut maker from . The book has a lot of excellent donut recipes and recipes that are adapted for a mini donut maker. It has great pictures in it and makes a wonderful book for beginning cooks(think young children too). I would recommend it to anyone looking for a donut recipe book.

I like this except all of the recipes are too small, you have to double the size on all of them. Also all of the recipes are too thick and need more milk added to them in order to make the batter thin enough to be manageable with a mini ice cream scoop. If the batter is too thick it will stick to the bottom of the scoop and randomly fall off into the wells as you are placing batter in them which will over fill it and cause blow outs.
