A Christian Love Story

Synopsis

The beautiful story of the wedding customs of Israel in Messiah's time and how He fulfilled these traditions in calling out His bride, the Church. A striking and inspiring example of scriptural logic and elegance.

Customer Reviews

This has the detail and further exploration that Zola briefly touched on in "In My Father's House". I encountered Zola about 30 years ago. I heard him speak just once in a small church in a small town. I've never looked at things the same since. I bought the above booklet at that time, and later mail ordered this one and a few others. The value of understanding the wedding customs is that it sheds so much light on things we read in the Bible and accept without thinking about the context. THIS is the context for such passages as "I go to prepare a place for you", "Only the Father knows the time", "come with a sound of a trumpet", "Take this cup" and many more. Understanding

by looking thru the eyes of a first century believer clears up a lot of the controversy over things like the Rapture, the 7 year period in heaven, the Judgement seat of Christ versus the Great White Throne Judgement. Over the years I've enjoyed other authors on this and related topics, but I never saw it presented so clearly, so easily understood. I cannot over emphasize the value of Zola and his gift for making things simple. As another favourite Christian author Dr. J. Vernon McGee once said--"putting the cookies on the bottom shelf" meaning that the truths of the gospel should remain accessible to all believers regardless of their age or mental abilities. The rule I abide by in teaching (Home School, Bible Studies and Sunday School classes) is that anything taught will be better absorbed, retained and used thru life if it is presented in the simplest possible form. I was so grieved to hear of Zola's passing a few years back. I got my Kindle the summer of 2011 and have consistently checked every few months to see if Zola's work made it to Kindle. I was so happy yesterday to find this here along with many others in his booklet series. It seems that only one remains to be "kindle-ized". That is "The Signs of the End" and I look forward to seeing it soon. I am happy to say that whoever was doing the job of creating the Kindle version of these booklets did a superb job. The clickable table of contents works well in each book, the formatting and the text are unchanged, as is the cover art. Small details, but someone put loving care and attention to making sure these gems are perfect in their Kindle setting. I can't recommend them highly enough, 5 stars hardly covers how I feel about Zola's work. Don't despise them for their size or price. This one, and it's siblings are some of the best things you will ever have. And for those who homeschool as I did, please consider these to introduce upper elementary and middle schoolers to this content. I used them in personal Bible study with my children, and like McGee's stuff, these are so easy for the young to understand, that they are valuable just in that context alone. Simple concise teaching is a jewel. For pastors, teachers and Bible Study leaders, your students may not have the ability to grasp and retain long scholarly dissertations, but this they can easily absorb into busy overloaded stress filled lives. Ditto for personal study.

This is the most amazing little book. If you have never heard the story of a Jewish wedding and how it shows the Rapture and how the Rapture follows the things that happen before, during and after the wedding of a Jewish couple. If you have never studied the 7 Feasts of Israel and how much they affect the death, burial, and resurrection of Jesus and then move forward to the Rapture, the 7 years of the tribulation and the Millennium. I had never for more in depth studies, there are others.

How Our Lord works out his plan is truly amazing and Awesome, This booklet explains it all so

clearly, and makes history and his way of doing things all tied together and so hopeful, Zola was truly a man of God , the Scriptures and history. So grateful to still be able to get his work, and love being able to get it Pronto on Kindle.

In this short book, Levitt compares the events of a traditional Jewish wedding (and interactions between the bridegroom and the bride) to the progressive relationship between Christ and His church; His bride. In essence, Christ has proposed to all mankind and the church is the body of those who agreed to the engagement. Levitt uses simple words to communicate a profound and beautiful truth that could potentially change the way you view the story between God and man. If you are a believer and have never heard this comparison, this book is an absolute must! It's fascinating... and humbling.

A delightful look at Jewish wedding customs and how they correlate with our relationship with Christ. I found this book helps me better understand things Jesus said to his disciples.

Very interesting read that is a fascinating parallel between the Jewish wedding ceremony and Christ and the church . It makes many of the parables of Jesus much clearer .

I read A Christian Love Story about ten years ago and wept buckets on my knees praising God for His incredible plan for our lives. This work by Zola Levitt sensitively portrays and gives such a valuable understanding of how God views marriage and why it such be considered Holy. I have given so many little books away of Zola Levitt that I ended up without a copy for myself and so I obtained a copy for my Kindle where it is safe.

I think this is a book that every believer should read. It will give you some insight into how we are part of the "Bride of Christ". It will also change your perspective about communion and let you see it from a Bride's viewpoint. You will not be disappointed.
