All The Pretty Faces (Graveyard Falls Book 2)

Synopsis

Josie DuKane is on shaky ground. Having narrowly escaped the notorious Bride Killer, she penned a tell-all memoir that dug up a town's dark past. Now the book is being made into a movie, and Josie must visit the very place that will trigger an avalanche of unwanted memories. Graveyard Falls. On the heels of her arrival, she receives a gruesome photograph of a dead woman with talon marks carved into her face. And worse, Josie just might be the next victim. Torn between guilt, justice, and revenge, Special Agent Dane Hamrick will do anything to find the man who brutally murdered his sister. When he realizes the recent tragedies in Graveyard Falls bear an uncanny resemblance to her death, he volunteers to spearhead the investigation. But doing so means teaming up with Josie. Nothing prepares him for the feelings the beautiful, tough woman evokes. As the body count rises and the suspect pool widens, Josie and Dane must put aside their growing attraction to run down the killer who devastated both their lives. A killer who seems determined to destroy all the pretty faces.

Customer Reviews

*A thrilling romantic suspense by bestselling author Rita Herron, in book 2 of her excellent three-book series. All three books are must reads!.....Consumed with anger, grief and revenge, FBI agent Dane Hemrick had been searching for his sister's killer for nearly a decade. After receiving a tip that there was a young woman found brutally murdered in the small town of Graveyard Falls, bearing the same similarities as his sister's murder, Dane wasted no time by volunteering to head the investigation. Could it be the same killer? After surviving the evil clutches of a notorious serial killer known as the "Bride Killer" two months earlier, Josie Dukane was already dreading being back in Graveyard Falls. Since writing a book of her horrific captivity and narrow escape, Josie never thought it would turn out to be a bestseller, or even worse, made into a movie. With the town having a violent history, Josie is not only confronted with resentment and anger by the locals on the day of her arrival but she is stunned when she receives a macabre photo on her phone of a slain young woman bearing talon carvings on her face causing Josie to call the one man she thought she would never see again. Having met Josie previously, Dane forced himself to concentrate on the crime scene by pushing all thoughts of Josie or his attraction for her to the back of his mind. Examining the young woman's remains, Dane was perplexed by the talon cuts on the victim's face, but mostly, the missing bone removed from her cheek by the killer himself. Reminded of memories of a tough and beautiful woman, Dane not only could forget Josie if his life depended on it, but more important, he is shocked when she contacted him by showing him a photo of a dead girl sent by an unknown killer and nearly killed herself by a vicious assailant. Joining forces with Josie, Dane continues his investigation and he realizes that her book is somehow connected to the murder when the killer decides to taunt her by leaving her deadly messages. When more murders occur and the suspect list broadens, they were both finding it more difficult than ever as they push their attraction for each other in the far reaches of their minds, at least, until the case is solved and a killer is caught. Known to be cold, gruff, and married to his job, Dane never allowed emotions to enter his heart but when Josie is kidnapped by a deranged killer, Dane is not only struck by the realization of his true feelings for her, but he races against the clock to save her before a cold-blooded serial killer makes Josie his next intended victim by adding her to his collection of all the pretty faces! An excellent romantic suspense!....thank you..

Great Book! I read all 3 of the Graveyard Falls trilogy and have loved every one! I just finished the third one last night and was sad to see these stories end. Great writing! Keeps your interest! Could be a great movie!

I bought this fairly cheap, prior to reading the mediocre first in series. Since I paid for it, I figured might as well read it, but it was not easy to finish. I found the characters to be stilted caricatures of a type of person. The heroine, the troubled (and totally unbelievable) FBI hero, the troubled killer. And an implausible plot...

Welcome back to Graveyard Falls! Josie Dukane has returned as the author of the book that is being made into a movie - the book about the Bride Killer. She wants to insure that the people of the town and the victims and their families are represented properly and carefully. What she doesn't expect is to be in the middle of another murder investigation - one that the killer has singled her out as someone to show his acts to. She and FBI Special Agent Dane Hamrick race to beat a killer from killing more girls - or Josie!! And maybe find love along the way. Keep the lights on!!

I am really enjoying these books because it really keeps you guessing. This author is really good, I hope she writes more books

Loved it! I am glad that Josie got her her own story! I loved Zane as he partner not in just solving the murders bit as a team they were good. I liked how Rita touched on PTSD in its numerous sources. We tend to think of it only in our soldiers but children suffer from it too. So thanks for reminding us. I think this book has it all. I am on to the next so this is short. I really recommend this series.

Awesome story. Loved the suspense, romance, and how the previous story blended perfectly into this one. Dane and Josie were perfect for each other except for their pasts getting in the way. You think you know who the killer is until more clues are discovered. And realize you are wrong. The psychological twists and turns of the story keep you reading. Are all the killings connected or could there be more than one killer?

I had a problem getting into this book. Unlike the others by this author, it didn't grip my attention. I love this author, so this will not stop me from reading more of her books.
