It also includes maps and photos of the main sights so you can find your way around the city without any problems.The restaurants are carefully selected so you will enjoy a great atmosphere and fantastic Danish food, while in the company of locals.Here is a taste of what this Copenhagen guide offers:Wonderful CopenhagenThis is the city of the Little Mermaid and of Tivoli Gardens. It is the city of fascinating architecture, an interesting royal family, and full of Danish "hygge". Hygge translates roughly to coziness but is much more than that. It is what happens when surrounded by your friends and family. It is candles burning on a dark winter's night. It is what you will discover if you find yourself in a bar with locals. It is the reason you will return to Denmark time and time again!Immerse yourself in Danish cultureThe main difference between this Copenhagen guide and a regular one is, because it is written by a local, you will only be seeing the sights worth seeing, and you will only be paying for the attractions that are worth the ticket fee. And, of course, you will be immersed in the Danish culture by going where the locals go and eating where they eat. All in all, this is a guide to experience Copenhagen like a local!What does this itinerary include?- A three-day step-by-step walking tour of the city - all the planning is done for you.- Detailed maps, directions, and navigation information to guide you easily from place to place.- Insider tips for saving time and money, including plenty of free activities.- Beautiful photographs of key city sights.- Personalised dining, shopping, and sightseeing suggestions.Why You Should Buy This Guide- You'll learn the secrets of Copenhagen.- You'll get detailed instructions on how to get from place to place.- You'll be guaranteed to have a great trip!Sample page from the itinerary:The actual itinerary includes additional maps, pictures and other points of interest.=====The Little MermaidDuration: 30 minutesThe Little Mermaid is an icon of Copenhagen. Everyone has heard of her and she is one of the main attractions in Copenhagen. She, of course, comes from Hans Christian Andersen's fairytale 'The Little Mermaid'. Hans Christian Andersen is well known worldwide for his famous fairytales and is one of Denmark's famous sons.This statue is a 'must see' when you visit Copenhagen. Yes, she is small but she is also very beautiful and symbolic. She sits sadly on her rock looking out to sea. She has been beheaded twice but has always been lovingly restored back to her former glory.The best

time to see her is early morning before all the tourist buses arrive. You may even be lucky and have her almost all to yourself. If you are a very early bird then the sunrise here is fantastic! A visit to Copenhagen is incomplete without seeing this little lady. She is well worth the visit!=====GuaranteeAt \$2.99, the itinerary will pay for itself the first time you follow my advice on dining and destinations. My email address is included, so if you are unsure about any details for your trip or have extra questions or feedback, you can contact me directly. If you are unhappy with the itinerary for any reason, provides a full refund. What are you waiting for? Go get this guide and explore Copenhagen!

Customer Reviews

We only have two days in Copenhagen so I needed a guide that would cover as many sights as possible. This guide has what I need: maps and detailed directions. It also includes dining options in the daily itineraries!

If you are a local or a tourist is a great book - every single detail is just perfect!! - love it!!!

A collection of detailed tours for for tourists to Copenhagen. Comprising many of the traditional sights - but interspaced with less traditional points of interest. All with detailed routes shown on small maps, timetable and eventual fees. Good for picking you personal "guided" tour at your own speed. You are not obliged to keep up with the speed of the author who is an experienced marathon runner.

A lot of times we only have limited time in a place when we go visit, and we have no idea what to do. Well, this is the book to get. If you only have a short amount of time to spend in Copenhagen, then get this book and go explore the city. It is well worth it, and a great asset as you explore this new city.
