Above The Line: Lessons In Leadership And Life From A Championship Program

Synopsis

A New York Times #1 Bestseller Remarkable lessons in leadership and team building from one of the greatest college football coaches of our time Urban Meyer has established himself as one of the elite in the annals of his sport, having lead his players to three national championships. In *Above the Line*, he offers readers his unparalleled insights into leadership, team building, and the keys to empowering people to achieve things they might never have thought possible. Meyer shares his groundbreaking game plan—the game plan followed every day in the Ohio State Buckeyes' championship season—for creating a culture of success built on trust and a commitment to a common purpose. Packed with real life examples from Meyer's storied career, *Above the Line* delivers wisdom and inspiration for taking control and turning setbacks into victories for a team, a family, or a Fortune 500 company.

Customer Reviews

Urban Meyer is the head football coach of the Ohio State Buckeyes. In 2014, he led the Buckeyes to their first Big Ten Conference title under his tenure as well as the program's eighth national championship. Meyer served as the head coach of the Bowling Green Falcons from 2001 to 2002, the Utah Utes from 2003 to 2004, and the Florida Gators from 2005 to 2010. He is one of only two coaches to win a National Championship at two different schools. Wayne Coffey, an award-winning sportswriter for the New York Daily News, is the author of three New York Times bestsellers, including *The Closer* (with Mariano Rivera) and *Wherever I Wind Up* (with R. A. Dickey). From the Hardcover edition.

Thought this book would act as a little "salve"! If you want to talk about bleeding scarlet and grey (and - apparently and begrudgingly - predominantly black now for one game per year!), there's no one who lives for the Buckeye games more than my husband. Believe it or not, PRIOR to our grandsons' first birthdays, he had trained them - at the conclusion of our singing the Ohio State fight song - to say "Go Bucks!" So given the expectation (with the football program's #1 ranking at the beginning of the season) that they'd be able to head back to a National Championship game this year, the fact that the OH-SO-CLOSE loss to Michigan State not only lost them the Big Ten title, but also has them headed to the Fiesta Bowl instead has made this one of those "ouch" years for him (a "double ouch" since our niece is a Michigan State alum, which prompted an immediate post-game call to said niece, reminding her of her treasonous college choice!) He really lives and breathes this stuff, with his "man-cave" reflecting those loyalties, so I knew I'd have to tread lightly this year when it came to Christmas purchases. I've definitely lost track of the number of Ohio State football-related books on his shelves - a million, give or take! - so I thought maybe, just maybe he'd want to dive into one of the other half dozen sports bios I'd had under the tree for him this year first. HA! This book - focused on last year's championship season (and all of the great memories it holds for my husband) headed to bed with us Christmas night (I'm thinking about instituting a "no reading past 11pm" rule), and each night since I've been "treated" to a summary of the latest insights, situations, etc. from yet another OSU book he's devouring like it was a steak dinner in front of a man who hadn't eaten for a month. Urban Meyer really does seem committed to living a more even-keeled life, more mindful of his health, while re-committing himself to his family and finding terrific ways to encourage/inspire/motivate the young men who call him "Coach", and my husband's really enjoying this latest offering. I had to kid him last night though... "Now Hon, is this the SAME guy you couldn't say enough negative things about when he was coaching the Gators?" ;-)

Hey, as far as I'm concerned, Coach Meyer and the team had another terrific season this year (I actually hate it when our favorite teams are ranked #1 right at the beginning of the year... can't imagine what kind of pressure that puts on players and a coach, with every opponent coming in ready to "leave it all on the field" against the top-ranked team.) Really think this book is helping to take the "sting" out of the late season turn of events this past year, and now my sister and I need only to survive New Year's Day (with her hubs being as big of a Notre Dame fan as mine roots for OSU)... I think one of us is going to have a much easier time of it than the other! (GO BUCKS... PLEASE!!!)

I love coaches books. They are living on the edge of societal changes. In this book Urban Meyer is

transparent and honest. It is extremely well written and easy to read. He weaves in his entire career but not in an overbearing way. His life, coaching and leadership lessons are well worth the price of the book. Some people live thirty years one year at a time. Others live 30 years investing year 1 into year 2 and so on. Urban Meyer learned his lessons along the way and share them, pain and all. One of the best leadership books I've read, and I've read a lot.

A good read as noted by an avid OSU Buckeye Fan.

Great guy and awesome book!

My husband loves this book. Thanks!

Incredible leadership nuggets in this book. I especially like BED (no Blame, Excuses, Denial) and E+R=O (Event +Response=Outcome). I'll use these!

Great read, sons even read it!

Great book - very insightful culture building information. Perfect for anyone who coaches.
