Sadly this great nobel prize winning author died while I was reading this book which is a collection of his short stories and the longer novella that gives the volume it's title. A native English speaker, I read this to improve my Spanish and found the vocabulary relatively simple and direct with few of those slang words you can't find in your dictionary. I'd thought I didn't like the fantasy aspects of magical realism but was pleased to find that this was not the case for these stories. Instead I found the style thought provoking.

Libros como el que recibí hoy no deberé an de venderlos , está todo marcado y rallado . Si usted tiene libros mejor regálo y no lo venda . No se puede ni leer bien un libro todo echo una porqueria.
