Customer Reviews

I grabbed this book for my 13 year old daughter the other day. She was making "crepes" with pancake batter and was curious to see what she could make for fillings. Sadly, I didn't have any

extra ingredients at the time. We looked this over together and were quite surprised! Chef Maggie did a wonderful job of having a great balance of savory to sweet. What also helped is she included the calorie counts, measurements abbreviations, etc. It helps because the use varies across the world. I loved the fact she included the crepe recipe with the filling recipe. Because she adds variations to each one to compliment/balance the filling. Oh, and I LOVED the fact she included some alternatives! There are some awesome vegan recipes as well. Its definitely worth it!

Easy Crepe Cookbook: 50 Delicious Crepe Recipes (Crepe Recipes, Crepe Cookbook, Breakfast Recipes, Breakfast Cookbook Book 1) Maggie ChowHave made some before and enjoyed them.Starts out with other cookbooks by the author as a gift. Short bio then abbreviations.Recipes contain a title, ingredients and directions on how to make.There are no pictures. Also has per servings: prep and cook time and nutritional information: calories, fat-not broken up into good or bad, carbs, protein, cholesterol and sodium.Think as the healthiest I'd like to try the yogurt and jelly filled crepes.Quite a variety to choose from.
