# Blue Chicken

## Synopsis

In this deceptively simple picture book, author-illustrator Deborah Freedman has created an irresistible character that springs to life and wreaks havoc in a farmyard with a pot of blue paint. The innocent chicken just wants to help, but things get worse and worse-and bluer and bluer--the more she tries. Playing with colors and perspective, and using minimal text, this richly layered story reveals new things to see and laugh about with each reading.

Breathtakingly beautiful meta-illustrations will draw many eyes to this tale of a curious chicken who spills some paint. "This picture is almost finished," narrates an unseen artist whose life-size pencil and brush lie across a barnyard drawing with cow, chicken coop and wheelbarrow softly shaded and colored but a barn only outlined. "his day is perfect for painting the barn. / But wait. Does one of the chickens want to help?" A small white chicken patters out from the coop onto the blank white background, climbing up onto the edge of a paint pot-and tipping it over. Blue paint flows down the page, splattering on finished and unfinished bits of the original picture. It floods onto pansies, chicks and the cow, whose "moo wakes the chickens. They're peevish and blue." Irritated blue chickens give chase across not all-blue spreads; the original chicken who "just wanted to .../HELP!" is intimidated and "incerely sorry." Watercolor washes and splashes, from pale blue to dark, create wonderful, wet patterns; their liquid edges contrast alluringly with fine pencil lines and shadings. Resourcefully, the chicken tips out the artists brush-rinsing water jar, drenching and cleansing this world back into neatness. But is that the artist at the end, painting a real barn outdoors while something hilarious happens indoors in her studio? Delicate and durable, visually sophisticated yet friendly: simply exquisite. All this chicken wants to do his help. But when she spills a pot of blue paint, the other animals sure don't find her helpful. And things only get worse - and more and more blue - the harder she tries. Poor chicken! Can anything undo the blue? Playing with colors and perspective and using minimal text, Deborah Freedman's delightful Blue Chicken is a picture book that refuses to stay inside the lines.

Fun story enjoyed by my twin nephews. Lots of point and name that item moments. Thoroughly enjoyed.

One of our favorites. Easy to follow book that uses some great vocabulary! Found my 2 year old saying he was "sincerely" sorry!
