These have //12 // savable pictures with about 6-7 lines of wisdom below the print. Words in the realm of walking right as we move thru this world. Look at this photo. The aer inside has somewhat similar primary cilors, with great detail and passion fir nature. You can check the other minths here too. I also bought a National Parks retro-poster calendar, but that calendar was kind of real- dull. +Not the railroad posters but seemingly ine dull artist This calendar is so much better. A great find. It is my only paper on the wall date calendar. .I use it for my slowed down life with few appointments, and more spaces for dreaming! My bright phone emails me appointment reminders, like 2, 3, or 4 times preceding it, in days, hours or both. But I dont hold on to my phone all day. I still like a quick, -look-up-and-see/ great beauty from a wise people's wisdim, wall calendar. Enjoy this, its a worth while purchase if you like the subject-basis and want a good calendar, in a moderate size. Fits a lit of spots.

I have developed a great appreciation for John Marshall III as an author, so I was looking forward to this calendar for next year. I was not disappointed. I think everyone will get something a bit different out of it, so what I appreciated most may not be what someone else will. But it's far more than just 30 squares (or 31) on a sheet with a pretty picture above it. This is worth studying and contemplating each month.

I buy this calendar every single year. It has such beautiful inspirational thoughts from the Lakota. The artwork is gorgeous in the calendar. Joseph M. Marshall III is my favorite author, and to have a calendar created by him is wonderful!! would encourage everyone to buy this and hang somewhere you look at it every single day!

I buy one of these every year! I think this might be my fourth one, and I just love following along with the Lakota seasons. The art is always amazing. It's a great conversational piece when people come over and it gets people interested in a culture that needs more recognition. I know I will be getting another one for 2017 :)

It is the third consecutive year that purchase Lakota calendar. It's my favorite calendar and will continue in the future.

If you are into Native American spirituality, you should love this unique artwork. Strangely, the month pages do not indicate the "western" day of the week. So, we wind up writing them in.

I love the "Lakota Way" series. The text is lovely and insightful, and the illustrations are beautiful. I order the calendar every year.

Packet with this beautiful well-wrapped calendar +2 other books was waiting for me after a long day between airport and hospital. Now that's good medicine! A-ho!
