Customer Reviews

This book is so powerful in that Jiayuh connects her personal story in an understandable way with the everyday reader. She is a highly intelligent professional who writes as an ordinary person bearing her truth of her experiences on her healing path. She teaches her craft in a straightforward manner packed with love and guidance from the truth of the Akashic records. With her work there, she has discovered and shares how this divine energy source teaches us of our reincarnation of our souls journey through time, space and with the heart as the vessel that communicates our inner wisdom to our minds. She peels back these teachings to share that some of the records reveal that not all souls began here on earth. Forerunners in this work such as Edgar Cayce spoke more of lifetimes on earth as did Lynda Howe. I love Jiayuh's humour and humility with her recognition of how surprising some of the information and concepts may seem from the perspective of main stream thinking. Her experience from teaching and encountering this new information from that of a logical thinker helps the reader get that Jiayuh understands these initial reactions and wrapping your head around the concepts. Energy healing is the future for mainstream healing and counseling. Open up this book and get ready for a ride that makes the best of this lifetime! Thank you Jiayuh for writing this beautiful book, may all that reads it feel the wisdom it unveils.

I am happy to share my review of this book, "Your Key to the Akashic Record" by Jiayuh Chyan. I have been aware of the Records and have some experience in them and was immediately drawn to this reading. The sincere, heartfelt stories she shares, her loving, fun humor and the concise, organized presentation of this information has served to help deepen my understanding and facilitate my personal work with this beautifully simple, comfortable format. This book is written in a way that someone with no experience will gain a clear understanding of what the Records are, an introduction and the tools to benefit from them and opportunity learn more a with an offering to work with her personally in a variety of ways. Also important to me to share is that this book has also inspired me to add this knowing to my future work with clients as a Whole Health Educator because I now understand it is an incredibly valuable tool for self exploration and healing, not only for individuals but our collectiveness . Healing first begins with ourselves, only then can we help heal each other and our planet. Learning to access our own Akashic Records, as well as those for the

highest good of all things & beings, is an answer brought to us in these incredibly important times . This book was for sure is brought to us divinely inspired through Jiayuh. The prayer that was given to Jiayuh to share with us in this book is truly a gift to anyone that has the opportunity to learn it. This Universal Akashic Prayer has already changed me. I am eternally grateful for her work providing this knowing and instruction she offers to our spiritual community. With a heart filled with joy and gratitude, I highly recommend this book to anyone who's interest it peaks. It has not come the way by coincident. It is for everyone with "Eyes to see and ears to hear".

Loved it! This one is going to live in my reference stack. I will read again and return often. Can't wait to utilize The Universal Akashic Prayer. Jiayuh Chyan knows her stuff. She does a great job of explaining the concepts and practices. I love her approach of building upon my personal relationship with my own records. Definitely a great read for the Akashic Record practitioner or anyone looking to have a deeper understanding of the Akashic Records and their spiritual journey.

I highly recommend this book for everyone interested in expanding their journey into the world of the Akashic Records. The Universal Prayer serves a wide audience of seekers on the path to self discovery and healing guiding them to discover deep truths and hidden nuggets of knowledge, wisdom and guidance for their souls journey. This book is very well written to guide both beginners and experienced seekers into new realms of consciousness and light we must journey for the benefit of our new Earth. Thank you for having the courage and servants heart to bring us this gift.

Within the pages of this seemingly simple, little book is contained all the information that is needed to access and work with the Akashic Records. The content is well laid out, clear and easy to follow. The prayer and the exercises are powerful and can be used by beginners and experienced practitioners as well. I highly recommend reading this valuable resource and then keeping it on hand as a reference towards deepening your practice of working with the records. In fact, I can't wait to share it with my friends and clients!

This book needs to be referred to many times in hard-copy form with multi-colored highlighting and hand written notes in the margins. I enjoyed the light and amusing comments. Whether a new comer to the energy and information about Akasha, Jiayuh Chyan's mindful conversation with herself can be met with "I was just going to ask the same question" or "my thoughts exactly." Jiayuh presented many options. Working with the "Records" is not a one-size-fits all. She understands the

concept that there are no mistakes in practice. However, practice is needed to perfect your individual way. Making breakfast for a new friend was the easy part.
