If you would like to purchase both the physical text and MyLiteratureLab, search for: 0134047699 / 9780134047690 The Literature Collection Plus MyLiteratureLab - Access Card Package Package consists of: 0133931269 / 9780133931266 MyLiteratureLab without Pearson eText - Access Card 0321971663 / 9780321971661 Literature: An Introduction to Fiction, Poetry, Drama, and Writing MyLiteratureLab is not a self-paced technology and should only be purchased when required by an instructor. For introductory courses in Literature. Cultivate a Love of Literature | X.J. Kennedy & Dana Gioia developed Literature: An Introduction to Fiction, Poetry, Drama, and Writing, Thirteenth Edition with two major goals in mind: to introduce college students to the appreciation and experience of literature in its major forms and to develop the student's ability to think critically and communicate effectively through writing. The book is built on the assumption that great literature can enrich and enlarge the lives it touches. Both editors, literary writers themselves, believe that textbooks should be not only informative and accurate but also lively, accessible, and engaging. Also Available with MyLiteratureLab® This title is also available with MyLiteratureLab " an online resource that works with our literature anthologies to provide engaging experiences to instructors and students. Students can access new content that fosters an understanding of literary elements, which provides a foundation for stimulating class discussions. This simple and powerful tool offers state-of-the-art audio and video resources along with practical tools and flexible assessment. The Literature Collection eText within MyLiteratureLab includes more than 700 selections and valuable multimedia resources "including professional performances, biographies of key authors, contextual videos, and interactive student papers" that bring literature to life.

Customer Reviews

X. J. Kennedy , after graduation from Seton Hall and Columbia, became a journalist second class in the Navy (â œActually, I was pretty eighth classâ •). His poems, some published in the New Yorker, were first collected in *Nude Descending a Staircase* (1961). Since then he has written six more collections, several widely adopted literature and writing textbooks, and seventeen books for children, including two novels. He has taught at Michigan, North Carolina (Greensboro), California (Irvine), Wellesley, Tufts, and Leeds. Cited in Bartlettâ™s Familiar Quotations and reprinted in some 200 anthologies, his verse has brought him a Guggenheim fellowship, a Lamont Award, a Los Angeles Times Book Prize, an award from the American Academy and Institute of Arts and Letters, an Aiken-Taylor prize, the Robert Frost Medal of the Poetry Society of America, and the Award for Poetry for Children from the National Council of Teachers of English. He now lives in Lexington, Massachusetts, where he and his wife Dorothy have collaborated on four books and five children.

Â Dana Gioia is a poet, critic, and teacher. He wasÂ appointed as California Poet LaureateÂ for a two-year term. Born in Los Angeles of Italian and Mexican ancestry, he attended Stanford and Harvard before taking a detour into business. After years of writing and reading late in the evenings after work, he quit a corporate vice presidency to write. He has published four collections of poetry, *Daily Horoscope* (1986), *The Gods of Winter* (1991), *Interrogations at Noon* (2001), which won the American Book Award, and *Pity the Beautiful* (2012); and three critical volumes, including *Can Poetry Matter?* (1992), an influential study of poetryâ™s place in contemporary America. Gioia has taught at Johns Hopkins, Sarah Lawrence, Wesleyan (Connecticut), Mercer, and Colorado College. From 2003-2009 he served as the Chairman of the National Endowments for the Arts. At the NEA he created the largest literary programs in federal history, including *Shakespeare in American Communities* and *Poetry Out Loud*, the national high school poetry recitation contest. He also led the campaign to restore active literary reading by creating *The Big Read*, which helped reverse a quarter century of decline in U.S. reading. He is currently the Judge Widney Professor of Poetry and Public Culture at the University of Southern California.

It's the best anthology I've seen in 50 years. It has detailed explanations of all the literary areas it covers, and sample student essays which greatly help freshmen transitioning from high school to

college. The 13th edition is a slight but not a significant improvement. I have bought several copies to lend to students still waiting for theirs to arrive. Be sure to get the portable edition, which divides the heavy hard cover book into four paperback books which will save your arm by carrying far less weight to the classroom. These editors make it easy to learn and easy to teach Freshman English, which I have done for ten years. Rental is cheaper, but this is a book you will want to keep.

This textbook gives deep coverage to the areas of short fiction, drama, and poetry. It contains an astounding amount of information. There are quite a number of full stories, poems, and plays--although I have not counted, I would say that the number could be approaching 1000. The authors have done a great job in selecting writings to illustrate concepts. All of the selected writings are good, in the objective sense--they contain deep meaning. Of course, personal taste is subjective, and my experience was that some of the writings were thoroughly enjoyable, and none were quite intolerable. There are also questions after pieces of literature to help the reader achieve more insight than they might of their own devices, small sections that offer tips on writing, light biographies and case studies of various authors. Throughout the course I have made lists of various authors I found to be particularly interesting, for further reading on my own time. This singular textbook was, for the purpose of my class, equivalent to a boxed set which contains each of the treated topics in a separate book. The page numbers corresponded exactly to those of the books in the boxed set. I saved a good bit of money in purchasing this, and I much prefer a single textbook to a clumsy boxed set. I like this textbook enough that now that my class is done, I am still considering whether to keep it for independent learning or sell it to recoup some of the cost.

I was required to have the 5th edition of this book for one of my education classes. I didn't want to buy it though, so I checked THIS edition out of the library. After reading it I realized I actually did want to buy it, because it has a lot of book lists and recommendations that I thought would be useful for my future teaching library. However, a 6th edition of this book was recently released, so I didn't want to buy the 5th edition for \$80 when I KNEW that soon it would be worth almost nothing, so I bought this edition instead because it was less than \$4! Also, I checked the page numbers up to the ones my professor cited for certain chapters, and the difference is very minimal. About 5-6 page difference. I also had no trouble finding the information my professor expected me to know, as everything that she was going off of in the 5th edition is also in this edition. I imagine the only real difference is that the newer editions have more up-to date book lists. I would recommend this book to anyone in the teaching profession though because it has SO many book recommendations and

very useful information in general.

Definitely agree with other reviews - the choice of paper is terrible. The pages are made of bible-style pages, almost thinner in my opinion. They will rip very easily so do be careful flipping pages. Much like bible pages, the pages in this book are see-through onto the back side and next page as well. I suggest inserting a white piece of computer paper behind the page you are reading if you find it irritating to have words bleeding through. The book is fine though you might want to save yourself some cash in buying this book - about 3/4th of the content of the book are public domain books that you can download via Kindle for free.

Brand new book and it's actually relatively cheap, compared to some other sites and my school. I thought the fiction and drama parts were actually really entertaining, for being something that I had to read for school. Personally, I wasn't a big fan of the poetry part; however, they had a giant variety of poets, including my favorite, so it's forgivable and I think that if you like poetry, then you'd like that section. I haven't read the writing section because my teacher didn't have us read that, but if it's like the rest of the sections, then it's got to be great!

I bought this book for college, same ISBN number as the one i would have bought at school. One, i thought it was a book and not printed out three ring punched paper. Two, very rarely i have the same story's on the same page number, most of the time i don't have the same stories on the same pages as my class, therefore i cannot find the stories not even in the index?? Not working out for me.

The poetry and dreams sections are worth buying themselves. The first book is good and the writing section is helpful. But there so many great poems and plays in this book!

Good book, easy to read, very bulky and the pages are super thin, easy to tear.
