We always buy one of this series before going to Europe--for the pictures. This one has a really neat illustrated map of a walking route to see various Amsterdam buildings. I'll see whether that works.

Great guide-- I really prefer the DK Eyewitness guides; great color illustrations, great advice. The only thing I don't like as much as Rick Steves' guides is the frankness found in Rick Steves.

As with all DK books I have used, this one proved again the excellence of the travel book series. The information provided by the book allowed for a very informed visit through the Netherlands a few months ago. The information on points of interest, culture, shopping, especially museums proved very helpful in planing and taking advantage of available time. Also, the graphics were superb and played a significant role in helping to get a good sense of a site before a visit. I highly recommend this book to a prospective traveler to the Netherlands.

This is an excellent, deep travel guide. I just returned from a two week trip in the Holland part of the Netherlands, and found the guide essential. It is accurate and accurate, providing routes, history, suggestions and everything else for a great trip.

I bought this with several weeks to spare before my trip. With two weeks of time in this country, I wanted to make the most of my time and find sites that I was sure would be Must Sees. This book provided a good historic background to start from, and offers a great selection of categories. I like

the layout too-great pictures....this is going with me on my trip.

My lodging for my two-week May trip to The Netherlands is already set. I wanted more help with background about the country and ideas about what to see and do in each area during my first time there. I like to use the DK Eyewitness Travel Guides when planning an itinerary.

Beautiful looking but lacks daily walking tours or practical information other books have.

Nice maps. The foldout section on the canals in Amsterdam alone makes the book a must buy. The itineraries are a great planning aid as well
