# Copyright Law In A Nutshell (Nutshells)

## Synopsis

This book offers a compact yet comprehensive and up-to-date overview of U.S. copyright law in an uncluttered and readable format. It covers topics including: The fundamental concepts of originality, authorship, and infringement The highly technical rules governing digital phonorecord deliveries and digital public performance rights in sound recordings The safe harbor provisions that limit the liability of Internet service providers The anti-circumvention and copyright management information provisions of the Digital Millennium Copyright Act The evolving doctrines of fair use and contributory liability are also given thorough attention.

## Book Information

Series: Nutshells

Publisher: West Academic Publishing; 2 edition (April 26, 2011)

Language: English

ISBN-10: 0314271902

ISBN-13: 978-0314271907

Product Dimensions: 0.8 x 4.8 x 7.2 inches

Shipping Weight: 11.2 ounces (View shipping rates and policies)

Average Customer Review: 4.2 out of 5 stars 5 customer reviews

Best Sellers Rank: #824,914 in Books (See Top 100 in Books) #71 in [Books > Law > Intellectual Property > Patent, Trademark & Copyright > Copyright](#) #8215 in [Books > Textbooks > Law](#)

## Customer Reviews

I've assigned this book in my undergrad class on copyright law (in a media studies dept.) since the 1st edition came out, and it's very helpful. The book covers all the important principles and cases, in just enough detail, with very accessible language. Students actually like the book a lot, which is ridiculously high praise for a law primer assigned to undergrads. I'd imagine that it would also be extremely helpful as an optional reading for law students or as a guide for reasonably well-prepared non-lawyers in general. (Of course it doesn't cover the fundamentals of the legal system, but if one knows or is willing to learn even the basics - or even just to look up unfamiliar terms - this book will teach the reader a great deal.) In short, highly recommended!

The nutshells are great for giving you an overview, but what you really need is a way to move from

the overview to a more detailed discussion elsewhere. The copyright nutshell has some great nutshell discussions, but because many of these lack citations to cases or even statutory provisions, it's frustratingly inefficient as a research tool for the beginning or occasional copyright practitioner.

I purchased this book for grad school and it's about as dry as copyright law can get. It does serve as a reference guide, but there are better books regarding this subject that also keep your eyes open.

useful book for IP

Great product, great transaction!! Received quickly great price good quality just the fantastic solution well made,very good product This is a reasonable price products and structure is better than I thought, well enough to be as a gift to give to friends. I haven't gotten any complaints
