## Customer Reviews

This has been a great Christian detective series so far, it's like a faith based police procedurals show. Not only showing the work of law enforcement but what's behind the badge. Each character has their own story as a whole. In this installment of the series, Detective Jason Strong and his trusty partner, Vanessa Layne, and the rest of the members of the San Antonio Police Department have another case on their hands. A husband returns home to find his wife dead in the basement of their home. A puzzling case for the duo of Strong and Layne. When she is discovered tied to a lawn chair, cuts on her wrists. Jason and Vanessa embark on the case, not knowing what the killer has in store for them. It is a great series, if you prefer hard-boiled detective novels, still provide a good story with mystery and suspense, but don't want to find too much violence, profanity, and sex scenes. I would highly recommend this series for anyone that wants to read.

To read the next Jason Strong story. Clean, exciting, and lots of suspense. So good to read a suspense novel without all of the bad words and sex and see God glorified. Thank you Mr. Dalglish!

I have to say this is my least favorite book in the series so far (having read all 7 of them in order). Why? It just didn't have the suspense I want in a mystery. This story is basically read from two perspectives. On one hand we see things from the killer's thoughts and actions. On the other hand we see things from the investigative process through the conversations and actions carried out to identify and stop the killer. While I have seen this done many times before and still really enjoyed the book, it just didn't work as well for me this time because this time we don't have enough tension - enough suspense - enough "will the victim escape or not?" - enough ANYthing. There's not even any tension in the build up to the victim BECOMING the victim. It's just a-H-a you have a victim

(notice there's only a tiny second of build up in the middle when she actually becomes the victim - none before or after) and ho-hum it's over! Rather bland. Everything is just more or less laid out for us to read along. Sure, we know he's going to be caught: this IS Det. Strong! All we have to do is see how much is left unread for us to know, "This is the time he'll be caught!" And we also know what's going to happen: how he picks his victims, how he sets up the day for the murder, how the murder will be committed..... everything about it! Even that it's only going to take 3-4 days per victim. Because all these little steps are laid out for us as we are reading. Which is kinda what is supposed to happen, but usually there is a little suspense SOMEwhere! Not all that exciting. Not up to par with the previous six books. A little bit of a disappointment. HOWEVER, that being said - that is NOT to say this is a bad book. Not at all! Trust me: I have read bad books, and this is NOT one of them! Not even close! This is a good story - just not as good (for me) as the previous 6 because it seems so calm. You may feel completely different about it. Det. Strong and his partner, Vanessa, once again must work to find a killer before he takes another life. He thinks he is doing the world a favor and making great art. But he never asked his victims if they wanted to be pieces of art. Jason and Vanessa are determined to stop this killer. After all, not all "art" should not be created. It's about time at least one artist find that out.

I'm on number 9 of the Jason Strong series. I love this series and can't seem to put the books down. Each one is great. Strong characters you can really get caught up with. They never disappoint! I'm going through them so fast and the only problems with that is that I'll be lost when I read the last one. I just hope the author doesn't get tired of writing the Jason Strong books because I'll never get tired of reading them!!!!

As you read these books you will definitely begin to feel as if you have become part of the character family. As I have already said, these books are well written and I feel comfortable recommending them to anyone to read and enjoy. Excellent writing.

I find the Dalglish series of mysteries to be really good. They are (for me) the type of book you don't want to put down. Also, they really are "clean suspense" mysteries, if that makes any difference to you. The story lines are good; I enjoy the character and following them up in the sequels, all of which I have read. Any mystery lover I feel will enjoy this series!

The combination of police and investigative work within Dalglish' work is excellent. In this novel, we

have a psychotic killer who preys on women, Danglish provides us with great detail, in a clean suspenseful way. I enjoy his work as it is not muddled with the bad language and exploitive sex that a lot of the new writers think is necessary to be a top seller. They need to read Danglish' approach and learn from success. After discovering Danglish' work, I have read all of this series, through volume 8, and look forward to many more to follow! Thoroughly enjoyed!

It's amazing how after all that happened, there will still be some supposedly intelligent women who will let strangers into their homes because they "looked decent and were polite". At the end of the day though, good always triumphs over evil no matter how long it takes.
