Helpful, clear, a bit surprising on the NUMBER of Florida's lighthouses, this handy foldable map definitely belongs in the map holder in your vehicle. Consider it a bucket list for both Floridians and those who want to return or check out some secrets of Florida.

Nice map, photos and lighthouse detail

This was a very useful tool in planning my trip to Florida. There was lots of detailed information about each lighthouse and it gave me a good perspective on distances between them. A bit unwieldy, it would be easier to use it on a wall.

Exactly what I was hoping it would be.

An essential map if you want to see lighthouses in Florida. Directions for how to get to many of them are included.

informative

This is a great source of information - gives a map of the state, directions for finding all lighthouses in Florida with a brief history included for each.

Perfect!!
