# Death Becomes Her: The Kurtherian Gambit, Book 1

## Synopsis

What you thought you knew about vampires and werewolves is wrong...so very, very, wrong. A thousand years of effort to keep the Unknown World hidden is unraveling and the Patriarch is tired. He needs to find someone to take over. He finds Bethany Anne. Unknown, untested and untried, she sets out to accomplish the impossible while forging a new future. One that no one knew was in danger. And she does it with an attitude that will make you stand up and cheer! They say a dress can make a woman, but in this case, the dress is Death, and Death Becomes Her very well indeed. Please note, there is flagrantly foul language in these novels. The main character does not have a problem with cussing, just uninspired cussing.

## Book Information

Audible Audio Edition

Listening Length: 6 hours and 54 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: LMBPN Publishing

Audible.com Release Date: February 2, 2017

Best Sellers Rank: #90 in Books > Audible Audiobooks > Fiction & Literature > Horror #222

in Books > Science Fiction & Fantasy > Science Fiction > Genetic Engineering #333

in Books > Audible Audiobooks > Science Fiction

## Customer Reviews

Yes, there were proofreading errors and it needs editing, but overall the characters were intriguing and the writing was good enough to move the plot along and keep my interest. And maybe the story was a little choppy, as if the Author was moving faster in his mind than he could transcribe into words. But this first book in the series did what it was supposed to do. It developed the World, introduced the characters, and established the plotline. I could have wished for more history and background on the Heroine before her transformation. I liked who she became, but I wanted to know more of her earlier life. Although the reader is given the facts, her feelings and core personality is skimpy. For me, It was a fast and pleasurable read. If you're looking for a Vampire/Shifter book with a strong Heroine, you may enjoy it. If you're wanting a sex-filled Paranormal Romance, you may

find it lacking. At least in this first installment--not sure about the upcoming books, since I haven't read them yet. But I probably will.

I am on the 16th or is it the 17th book in this series. Everyone of them keeps you interested and looking forward to the next one. This book is the first and one of the best. I read alot and this author has spoiled me for other authors writing series. I hate to read a good book then have to wait months for the next book to come out. With Micherie Anderie the next book shows up in 30 to 45 days later and is well worth the wait. I hope this series keeps going for 30 more books and when you add in the spinoffs it may very well do that.

I bought this without bothering with reading any of the reviews except from the cursory glance at the star ratings, but I generally take those with a pinch of salt. The first book sucked me in and after finishing it I immediately bought the following 5, which I have completed much to my consternation as I now am sitting in a void as to what book(s) I pick up next while having to wait for the follow-ups. GrrrrGreat broad spectrum of characters with an even greater leading lady. Excellent plots including realistic development and growth of each of the main characters in their own rightHighly recommend the series and will look at buying the complete series for my actual book shelves once it is available in print.

OK -- great literature, this is not. But in terms of a rollicking good story that sucks you in, it is absolutely delightful. Yes, popcorn. But very, very fun popcorn. Vampires and weres and aliens, oh my!Some of the tropes get tired after a while (and I am on book 8, so, yes, I have gotten solidly hooked on the series). Yes, Bethany Anne swears a lot, for instance. And there is more than a bit of deus ex machina to the stream of new abilities and new technology that drop in at just the right time to solve a pressing problem. But, hey, it's fun.The editing in the first book was spotty. I just downloaded an updated copy, and the author stated in later books that he had cleaned up the editing on the first book -- so that might be improved now.I recommend the series highly. Expect to get sucked in. Enjoy the ride! Good stuff.

I've been reading voraciously for decades, there are low points and high points in quality material being available. I read Death Becomes her, and then listened to Queen Bitch as an audible book right afterwards. Both are great and I'm looking forward to catching up with the series - nice to know that there are a dozen books in this series waiting for me - and I imagine I'll be caught up and

begging for more quickly. Thank you for an original premise, and great characters - I was a Bethany Ann fan after the first paragraph of her character.

I purchased this book Feb 3, 2017. I am now totally addicted having just completed book 15 and purchased book 16 this April 3rd. My wife and son plan to leave me or throw away the Kindle. Bethany-Anne is my "Empress" they action is what I read it for and the "kick ass and take no names" strategy not only works but is my fantasy. We need TQB here and now...if only..lol. I look forward to the continuing saga and the reuniting of Michael with BA. ( I am currently reading the "Dark Messiah"

I read, a lot. But rarely do I post a review - not because the books I read aren't good but because my favorite authors are top sellers (Briggs and Andrews - sounds like a lawnmower, right? But you know who they are) so they already know how good they are. What I really want to do is promote new authors, and this is one of the best "newbie" books I've read in long while. Captured my interest so much that I was sneak reading at work and finished it in a day. Great job, Michael - don't worry about the editing, it didn't bother me a bit and now I'm off to download the next book or three in the series.

Ran across the Rise of Magic series and was intrigued, so decided to purchase all 16 books in the Kurtherian Gambit series. I then spent the next 4 days reading all 16 of them, then moving on to the Second Dark Ages and Trials and Tribulations series. This is a very entertaining and intriguing take on Vampires and Werewolves. I am eagerly awaiting book 17. And while there were warnings about the cussing in the book I found them to be hilarious. As far as military Scifi goes, I would easily rate this up there with some of the other major authors in the genre, such as John Ringo's Possleen War or Through the Looking Glass. Looking forward to enjoying the rest of this series, and the best part Michael Anderle seems to be a fairly prolific author so not a massive wait between books.
