Call Sign Extortion 17: The Shoot-Down Of SEAL Team Six

Synopsis

On August 6, 2011—three months after members of Navy SEAL Team Six killed Osama Bin Laden—Taliban forces took down a United States helicopter, call sign “Extortion 17.” The attack killed the Air National guard crew, seven unidentified members of the Afghan military, and seventeen members of Navy SEAL Team Six—warrior brothers from the same Team had killed Osama Bin Laden just ninety days prior. Don Brown, a former U.S. Navy JAG officer stationed at the Pentagon and a former Special Assistant United States Attorney, re-creates the wartime action, tells the life stories of the elite warriors our nation lost on that day, and tears apart the official military explanation of the incident contained in the infamous Colt Report, which reveals either gross incompetence or a massive cover-up. Call Sign Extortion 17 focuses on a series of key factors pointing to a conspiracy, including the inexplicable disappearance of the black box, autopsy evidence arbitrarily destroyed, the failure to acknowledge reports of Taliban infiltration into the Afghan military, and the Taliban’s vengeful campaign of targeting SEAL Team Six after U.S. government officials revealed that the elite fighting unit was responsible for killing Bin Laden. Were the seven Afghani soldiers aboard that helicopter really undercover Taliban who either maneuvered the chopper within easy range of being shot down or blew it up from within? Through a serious examination of the evidence, and the lack thereof, Brown tackles the issues of the case as only an experienced military prosecutor can.

A very interesting, but also very repetitious fact telling of a sad, highly-controversial event in recent military history..... let us not forget these brave, and very likely violated, soldiers.

A must read, to see how geo-politics sacrificed the lives of Americans.

Intriguing story. A bit repetative.

had to stop reading this. although very interesting, was just way too long and gets into a great deal of detail. so much details that it became overwhelming

I am sad that this event even happened. I am reassured that the 1st Amendment is still one of my rights with the publishing of this book. I watched the news conference that happened in Washington D.C. several years ago in 2012 which was requested and attended by the parents of these men. It can be found on opsecteam.org or forourson.us or Seal Team 6 deaths cover-up at Projectcensored.com I don't believe in coincidences.

Excellent read !!!!

Outstanding read

A tragic example of cover up but lots of information to think about. Have not quite finished the read so may find the answers to who authorized the termination of our best of the best. My gut tells me that they were erased because that eliminated the truth of a false flag regarding the killing of Ben Laden. Or should I say the person that was said to be him. Too much evidence destroyed too quickly but that seems to be the MO of a successful cover up for the simple minds who have been buying into the many examples of news stories over the past half century or more.
