Customer Reviews

Information tended to be dead on. Recommend hotels and restaurants were indeed very good. Found it to be very useful.

My wife and I bought this book to help us with the travel plans to Costa Rica. We have been there yet, but our plans are all set. I will try to provide a feedback after we return from there. I have been there several times for business, but it is my wife first time. So, we wanted to make sure we visited

the right stops (the rain forest and the beaches too). We are planning on visiting Arenal (volcano) and the southwest beaches.

Beautiful pictures. More than I needed for this particular trip but makes me want to return to see more of the very diverse Costa Rica..

Great book and very helpful for the activities we did and partook in...especially in the Papagayo Peninsula area

haven't had a chance to use it yet, but it looks good just skimming through it.

Very informative, and at a good price. It was in good shape. Thanks

Very good information and tips on what to see, where to stay and where to eat. Well organized.

Just as described, arrived quickly, very happy with product.
